Rapid Cutting Snip

This Rapid-Cutting Snip is excellent for cutting stranded wire, light metal, cordage and Kevlar® insulation wire in fiber-optic applications. The spring-loaded design gives this snip self-opening action so less effort is required. It features one serrated blade for non-slip cutting action.

Specifications

Special Features:	Closure Lock, Serrated Blade, Spring-Loaded	**Application:**	Fiberoptic (Cutting Kevlar® Insulation); Cuts Stranded Wire, Light Metal, Cordage
Material:	Steel	**Blade Finish:**	Nickel-chrome plating
Cutting Length:	1" (2.5 cm)	**Overall Length:**	6.6" (16.764 cm)
Weight:	4.5 oz (127 g)
