

LEATHER RIGGER F9-360 LONG CUFF

LEATHER HAND PROTECTION

The Cut Resistant Leather Rigger F9-360 Long Cuff is the perfect solution for professionals in the industrial sector who need the perfect blend of cut resistance and leather abrasion resistance from fingertip to lower forearm. Our proprietary Durahide™ Leather Technology infuses boar leather making this glove durable, water-resistant, yet breathable, ensuring your hands stay dry and comfortable in damp conditions. With no break-in time required, you can start using these gloves right away. With a 6" extended cuff, abrasion resistance and protection extends past the wrist. It is also stitched with DuPont™ Kevlar® throughout providing structural integrity and resilience under constant heat.

FEATURES

- 1 High-tensile strength ArmorCore™ 5 liner allows for 360° cut resistance and meets EN 388 Level F & ANSI A9.
- 2 Top grain Durahide™ Boar leather protects the back of your hands while you work.
- 3 6" extended cuff provides abrasion resistance to the lower forearm.
- 4 Stitched with DuPont™ Kevlar® throughout provides structural integrity and resilience under constant heat.
- 5 Durahide™ leather protects your palm with extreme abrasion resistance.
- 6 Gunn cut finger design repositions vulnerable seams for improved durability.

INTENDED USES

- Construction
- Oil & Gas
- Mining
- Rigging
- Electrical Work
