Please retain instructions for future reference.

Care and use

Please retain all safety instructions for future reference regarding the use of this pull-out step ladder with folding legs. It is essential to note that this step ladder can conduct electricity, so it must be kept away from electrical hazards. Designed for adult use only, it should not be used by anyone exceeding 150 kg. Prior to utilisation, carefully read all safety instructions and inspect the ladder for any damage. Before use, ensure that the legs of the step ladder are fully opened and that the safety hook is securely fastened. To prevent injury, use the step ladder only on a firm, level surface that is free from water and grease. Avoid overreaching, as this may result in the ladder becoming unbalanced and posing a risk of injury. Only one person should be on the step ladder at any given time, as it is intended solely for domestic use. For storage, keep the step ladder in a clean, dry place.
