

RIGHT STRAP™

Specifications:

Furnish and install Water-Tite Right Strap through a stud or hanging below a ceiling or basement floor joist to allow for expansion and contraction of supply tubing. Right Strap Multi-Functional Pipe Clamp supports copper, PEX, polybutylene and ideally isolates CPVC tubing from wood framing. Right Strap can be used as a Half Clamp or Full Clamp. Unit shall be Water-Tite product code as checked below, manufactured by IPS Corporation.

Half Clamp

Half Clamp provides 3/32" gap between tubing and framing to reduce noise during expansion and contraction

Full Clamp
