

CRC 2-26® Multi-Purpose Precision Lubricant

Product Description

Best for electrical equipment lubrication, corrosion protection and flood/water restoration. You've seen what a little condensation can do to an electrical panel: arcing, corrosion, or the dreaded shutdown call in the middle of the night. CRC® 2-26® forms a protective, non-drying film that restores electrical resistance, blocks moisture, and prevents current leakage. Safe for plastics, it keeps your control panels, contacts, and circuits online and protected across a wide temperature range (-50°F to 250°F) and withstands an electrical field up to 51,300 volts. Because electrical failures stop machines, and your momentum.

Applications

Connectors, relays, circuit breakers, transformers, switchgear, motors, generators, controls, instruments, communication assemblies, electronics, alarm systems, starters, tubing, castings, gears, weld rod, wire, fixtures, dies, jigs, shim stock, chucks.

Identification

Item Number / Case Number	1003163 / 1003162
Legacy Number	02005
Unit Package Description	16 Ounce Aerosol
Net Fill	11 wt oz
UPC Code	078254020051
Unit Dimensions	7.75H x 2.63W x 2.63D in
Units Per Case	12

Properties

Appearance	Amber Liquid
Base Type	Petroleum Distillate
Boiling Point (F/C)	212°F / 100°C
Dielectric Strength	51,300 Volts
DOT Proper Shipping Name	Aerosols, Flammable, Limited Quantity
Evaporation Rate	Slow
Flash Point (F/C)	200°F / 93°C
Flammability LEL % / UEL %	0.6 / 5.5
Flammability Class - CPSC	Flammable
NSF Category Code	H2
Odor	Mild Petroleum
Plastic Safe	Yes
Propellant	Carbon Dioxide
Restricted From Sale In:	
Solubility	Water - Negligible
Spec Gravity Concentrate	0.82
Vapor Density	> 1 (air = 1)
VOC % (Consumer Product def)	0
VOC Category	Multi-Purpose Lubricant
Working Temp (F/C)	Max 250°F / Max 121.1°C

Sizes

5 wt oz	02004
11 wt oz	02005
16 fl oz	02007
1 gal	02006
