SPHYGMOMANOMETERS

Dynarex Sphygmomanometers are designed for precise measurement of systolic and diastolic blood pressure, providing reliable diagnostics. Each aneroid sphygmomanometer features a chrome-plated gauge, air-release valve, adjustable strap, and a convenient nylon carrying case.

- Chrome-plated pressure gauge for clear, accurate readings
- Nylon cuff with adjustable hook-and-loop strip for a secure fit
- Thumb-activated air-release valve for easy pressure control
- Includes calibration key and artery indicator labels for added precision
- Comes with a zip-closure nylon carrying case for portability and storage
- Not made with natural rubber latex
