Compliance Statements

FCC Compliance Statement

This equipment has been tested and found to comply with the limits for a Class A digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna
- Increase the separation between the equipment and receiver
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected
- Consult the dealer or an experienced radio/TV technician for help

Industry Canada Statement

This Class A digital apparatus complies with Canadian ICES-003.
Cet appareil numérique de la classe [A] est conforme à la norme NMB-003 du Canada.

CAN ICES-3 (A)/NMB-3(A)

Use of Trademarks, Registered Trademarks, and other Protected Names and Symbols

This manual may make reference to trademarks, registered trademarks, and other protected names and/or symbols of third-party companies not related in any way to StarTech.com. Where they occur these references are for illustrative purposes only and do not represent an endorsement of a product or service by StarTech.com, or an endorsement of the product(s) to which this manual applies by the third-party company in question. Regardless of any direct acknowledgement elsewhere in the body of this document, StarTech.com hereby acknowledges that all trademarks, registered trademarks, service marks, and other protected names and/or symbols contained in this manual and related documents are the property of their respective holders.

Safety Statements

Safety Measures

- Cables (including power and charging cables) should be placed and routed to avoid creating electric, tripping or safety hazards.

Mesures de sécurité

- Les câbles (y compris les câbles d'alimentation et de chargement) doivent être placés et acheminés de façon à éviter tout risque électrique, de chute ou de sécurité

安全対策

- ケーブル(電源ケーブルと充電ケーブルを含む)は、適切な配置と引き回しを行い、電気障害やつまづきの危険性など、安全上のリスクを回避するようにしてください。

Misure di sicurezza

- I cavi (inclusi i cavi di alimentazione e di ricarica) devono essere posizionati e stesi in modo da evitare pericoli di inciampo, rischi di scosse elettriche o pericoli per la sicurezza.

Säkerhetsåtgärder

- Montering av kabelavslutningar får inte göras när produkten och/eller elledningarna är strömförda.
- Installation och/eller montering får endast göras av behöriga yrkespersoner och enligt gällande lokala förordningar för säkerhet och byggnormer.
- Kablar (inklusive elkablar och laddningskablar) ska dras och placeras på så sätt att risk för snubblingsolyckor och andra olyckor kan undvikas.

Warning Statements

- Make sure to assemble this product according to the instructions. Failure to do so might result in personal injury or property damage.
- Never use this product if parts are missing or damaged.

Product Information

Package Contents

- KVM Switch x 1
- Universal Power Adapter (NA/JP, EU, UK, ANZ) x 1
- Rubber Foot Pads x 4
- Quick-Start Guide x 1

Requirements

Source PCs

- Computer (with DisplayPort) x 2
- DisplayPort Cable x 2

- USB 3.0 Cable (Type-A Male to Type-B Male) x 2
- (Optional) 3.5 mm Audio Cable (Male to Male) x 2

Console

- DisplayPort Display x 1
- DisplayPort Cable x 1
- USB Keyboard x 1
- USB Mouse x 1
- (Optional) Speaker-Enabled Audio Device (or Headset/Headphones) x 1
- (Optional) 3.5 mm Audio Cable (Male to Male) x 1
- (Optional) USB 2.0 HID Devices x 2
- (Optional) USB 2.0 Cables x 2
- (Optional) USB 3.0 Peripherals x 2
- (Optional) USB 3.0 Cables x 2

Installation

Attach the Rubber Foot Pads

1. Peel off the backing for each of the **Rubber Foot Pads**.
2. Stick each **Rubber Foot Pad** onto the bottom of the **KVM Switch**, on each of the four circular indentations.

Connect the Console

1. Power off your **DisplayPort Display** and any **Peripherals** before connecting to the **KVM Switch**.
2. Connect a **DisplayPort Display** to the **Console DisplayPort Port** on the **KVM Switch**.

3. Connect a **USB Keyboard** and a **USB Mouse** to the **Console USB HID Ports** on the **KVM Switch**.
4. (Optional) Connect an additional **USB HID Device** to the remaining **Console USB HID Ports** on the **KVM Switch**.
5. (Optional) Connect your **Speaker-Enabled Audio Device** to the **Console Audio Port** on the **KVM Switch**.

Connect the PC

1. Power off your **Computer** and any **Peripherals** before connecting to the **KVM Switch**.
2. Connect a **DisplayPort Cable** from the **DisplayPort Port** on the **Computer** to the **PC 1 DisplayPort Port** on the **KVM Switch**.
3. Connect a **USB A to B Cable (Type-A Male to Type-B Male)** from the **USB A Port** on the **Computer** to the **PC 1 USB Port** on the **KVM Switch**.

Note: A USB 3.0 Cable is recommended for optimal performance.

4. (Optional) Connect a **3.5 mm Audio Cable** from the **Audio Port** on your **Computer** to the corresponding **PC 1 Audio Port** on the **KVM Switch**.
5. Repeat steps 1 to 3 for an additional **Computer** for **PC 2**.

Operation

Power-On Sequence

1. Connect the **Universal Power Adapter** from a **Wall Outlet** to the **Power Input Port** on the **KVM Switch**.
2. Power on all **USB Peripherals**.
3. Select **PC 1** and power on the corresponding **Computer**.
Note: Ensure that the **Computer** connected to the **PC 1** ports has fully booted to the operating system before proceeding.
4. Repeat step 3 for the **PC 2 KVM Computer**.

Select a Port

Press the **Port Selection Button** until the **LED Indicator** for the desired **Computer** lights up.

You can also use Hotkey Commands to select a Port and utilize many other commands from your Keyboard. For Hotkey Commands see the next section of this User Manual.

Hotkey Commands

Hotkey	Command
Left CTRL + Left CTRL + (x) x = 1~2 for PC Port number	Select PC DisplayPort Port
Left CTRL + Left CTRL + F5 (KVM Switch beeps once)	Audio Stick On Audio selection matches computer selection.
Repeat: Left CTRL + Left CTRL + F5 (KVM Switch beeps twice)	Audio Stick Off Audio selection stops following the selected computer.
Left CTRL + Left CTRL + A	Force Audio Stick On Switches the audio source to the Computer that is selected on the KVM.

Alternative Hotkey Commands

Hotkey	Command
ScrLk + ScrLk + (x) x = 1~2 for PC Port number	Select PC DisplayPort Port
For Keyboards that do not support Scroll Lock: Hold Left Shift + Num Lock + Num Lock + Release Left Shift + 1	Select PC 1

Troubleshooting

Symptom	Causes	Solutions
Newly installed USB Device does not work	<ul style="list-style-type: none">• Improper device driver• Device consumes too much power	<ul style="list-style-type: none">• Re-install USB Device Driver• Verify that the Universal Power Adapter is properly installed. If the connected device has the option to be self-powered, ensure that the device's Power Adapter is properly installed.
	<ul style="list-style-type: none">• Improper device installation	<ul style="list-style-type: none">• Remove all power sources to the KVM Switch by unplugging all USB 3.0 A-B Cables and the Universal Power Adapter, then repeat the steps in the Connect the Console and Connect the Computer sections in this User Manual

-
- When the KVM Switch works under self-power (e.g. no Universal Power Adapter added, it supports a maximum of 100mA per USB 2.0 Port & 800mA per USB 3.0 Port)
 - Select the **PC 1** or **PC 2 Computer** using the **Port Selection Buttons** and restart the **Computer**

USB Keyboard or Mouse does not work

- Too many Keyboard or Mouse drivers installed

- Remove all unnecessary **Keyboard** and **Mouse Drivers**

No video or improper resolution

- Display and/or KVM Switch configuration is not properly detected

- Restart the selected **Computer**

Warranty Information

This product is backed by a two-year warranty.

For further information on product warranty terms and conditions, please refer to www.startech.com/warranty.

Limitation of Liability

In no event shall the liability of StarTech.com Ltd. and StarTech.com USA LLP (or their officers, directors, employees or agents) for any damages (whether direct or indirect, special, punitive, incidental, consequential, or otherwise), loss of profits, loss of business, or any pecuniary loss, arising out of or related to the use of the product exceed the actual price paid for the product.

Some states do not allow the exclusion or limitation of incidental or consequential damages. If such laws apply, the limitations or exclusions contained in this statement may not apply to you.

Hard-to-find made easy. At StarTech.com, that isn't a slogan. It's a promise.

StarTech.com is your one-stop source for every connectivity part you need. From the latest technology to legacy products — and all the parts that bridge the old and new — we can help you find the parts that connect your solutions.

We make it easy to locate the parts, and we quickly deliver them wherever they need to go. Just talk to one of our tech advisors or visit our website. You'll be connected to the products you need in no time.

Visit www.startech.com for complete information on all StarTech.com products and to access exclusive resources and time-saving tools.

StarTech.com is an ISO 9001 Registered manufacturer of connectivity and technology parts. StarTech.com was founded in 1985 and has operations in the United States, Canada, the United Kingdom and Taiwan servicing a worldwide market.
