IMPORTANT:

Before you begin, familiarize yourself with all of the parts and fully read the instructions.

CUSTOMER SERVICE:

Toll-free customer help line available weekdays between 7:00 am and 6:00 pm Central Time at 800-463-0660.

PARTS:

Pre-Assembled Organizer and Base Unit
4 #8 X1 Coarse-Thread Wood Screws

TOOLS NEEDED:

Screw Gun* or Phillips Screwdriver
Measuring Tape or Ruler

*NOTE: If screw gun has a clutch, set to lowest setting so as not to over tighten and/or strip screws.

1. Separate the Organizer from the Base

Press the clips under the trash organizer to release pre-installed slides, separating the organizer from the base.

2. Position the Base in the Cabinet

Place the base unit inside the cabinet. Position it left to right, ensuring proper clearance for hinge or door protrusion.

- Face Frame Applications: Pull the wooden runner to the front of the cabinet until it is tight against the back of the face frame.*
- Frameless Applications: Position the wooden runner with a 3/4" setback from the front of the cabinet.

* For narrow door applications, unit may have to be placed inside and positioned with slides directly behind face frame.

3. Secure the Base to the Cabinet

Secure the base unit by screwing through the plywood runners with 4 coarse-thread wood screws. #8 X 1" screws provided.

4. Place the Organizer onto the Secured Base

Place the trash organizer onto the undermount slides. Push the unit into the cabinet until you hear the clips lock into place. Move the unit in and out of the cabinet to ensure proper clearances.

5. Insert the Bins

Slide the unit out of the cabinet. Insert the plastic trash bins into the pullout.

IMPORTANT:

Before you begin, familiarize yourself with all of the parts and fully read the instructions.
