

# Copper Patch Cords

NetSource copper patch cords support a variety of applications from voice and video to high speed networks and POE. All copper cables are manufactured to your custom requirements and meet or exceed industry standards for NEXT and return loss.

Our cords are factory terminated for superior performance guaranteeing consistent reliable results.

## Features & Benefits

- Available in CAT5E, CAT6, CAT6A, shielded and unshielded, riser, plenum, and LSZH in your choice of length
- Available in U.S. Made and Economy Series
- Industry standard T-568A, T568-B, crossover or custom wiring available
- Options for non-booted or variations of boots (snagless) available

### EXAMPLE: PCC6B-BL-10

## U.S. MADE CAT5E, CAT6, AND CAT6A PATCH CORDS

When used in conjunction with copper trunks, patch panels and work stations they provide an end-to-end solution backed by a system warranty.

Our U.S. Made copper patch cords are custom built to fit your requirements. Made in the USA with high quality components, these cables are available in CAT5E, CAT6, and CAT6A using 24 AWG stranded patch cable and high quality RJ45 modular plugs.

Patch cords are available in many different colors and can be built using no boots, slide-on boots, or clear slimline boots.

Also available in shielded stranded 26 AWG STP cable.

# Copper Patch Cords

## CAT6 AND CAT6A (MINI-PATCH) 28 AWG

NetSource Snagless Unshielded (UTP) and Shielded (STP) Slim 28 AWG Network Patch Cords are the perfect solution for high density and top of rack data center applications.

The use of 28 AWG reduces the overall foot print, utilizing less space and increasing air flow.

The smaller bend radius facilitates improved cable management in high density layouts.

When used in conjunction with copper trunks, patch panels, and work stations, they provide an end-to-end solution backed by a 25-year warranty.

**Overall diameter:**  
0.15" (standard CAT6  
overall diameter: .235")

**Manufactured with:**  
28 AWG, stranded copper  
(7x32), four twisted pairs

## NETSOURCE ECONOMY SERIES CAT5E, CAT6 AND CAT6A

NetSource economy series are the most cost-effective solution in patch cables.

Cables are imported and stock/availability will vary.

The patch cables are available in standard colors and lengths with and without boots.
