

Salter Recycled Loaf Pan - Grs

BW14177

Please retain instructions for future reference.

Care and use

Our ovenware is designed for domestic oven use only and can safely withstand temperatures up to 220 °C (Gas Mark 7). To preserve its quality, avoid using metal utensils and never leave the ovenware unattended during use. After use, always allow the ovenware to cool before cleaning. For best results and to prolong its lifespan, hand-wash with a mild detergent and a nonabrasive sponge, then rinse and dry thoroughly before storing. Always use heat-resistant oven gloves when moving the ovenware, and never expose hot ovenware to cold liquids to prevent damage. If you notice any signs of damage, please dispose of the ovenware with care.
