Game Rules

Court Size

The length and width however can be increased or decreased proportionately depending on the area available.

Net

The net shall be stretched across the center of the court dividing it in half. The net height with poles fully extended is at the popular height of 7 feet 5 inches.

Player

2-6 players on each team.

Service

Each player shall serve in turn and will continue to serve until side is out. When serving, the ball must go over the net. If the ball hits the net when served and goes over the net, the ball must be re-served. If the ball does not go over the net when served or is out of bounds or touches any team- mate before touching an opponent or opponent's court, the side is out and the opponent takes possession and becomes the serving team.

Volley

Maximum of three team contacts: each team is allowed a maximum of 3 successive contacts of the ball in order to return the ball to the opponent's area.

Rotation

After a team has lost its serve, the team receiving the ball for the first serve shall, before serving, rotate one position clockwise.
