## HOW TO MEASURE

Take all measurements over undergarments using standard measuring tape held in a relaxed straight line.

**Chest/Bust:** Place measuring tape under the arms to measure the distance around the shoulder blades and the fullest part of the bust/chest. Do not hold the tape too tight.

**Waist:** Place measuring tape around the natural waistline.

**Hip:** Stand with feet a few inches apart and measure around the fullest part of your hips wearing your undergarments.

**Inseam:** Measure from the crotch to the desired length of the pant, breaking at the top of the shoe and just above the heel in the back. Appropriate shoes should be worn.
