

SURESTEP™ PONTOON LADDER

Engineered for safety, strength, and long-term performance, the SureStep pontoon ladders are the ideal boarding solution for today's boats. They meet ABYC standards and deliver a safer, more comfortable experience for passengers of all ages and abilities.

STEP ABOARD WITH LIPPERT

Wide-Set, Slip-Resistant Treads

Generous step surface makes it easier and safer for children and pets to get on and off the boat

One-Step Retraction

The ladder offers effortless one-step retraction for easy deployment and stowing without bending

Certified Strength & Reliability

Rated to 400 lbs. to meet ABYC H-41 standards, ensuring confidence and compliance

Additional Features

- Corrosion-resistant stainless steel hardware and mounting components
- Engineered glass-filled nylon and aluminum castings for added structural integrity
- Single-motion retraction for easy deck operation
- Proudly designed, welded, and assembled in Indiana

Two Mounting Styles

SureStep™ Pontoon Ladder

- Quick, secure installation requiring a 15" L x 13.5" H mounting footprint
- One piece construction

SureStep™ Free-Fit Pontoon Ladder

- Required for decks that cannot accommodate fixed handrails
- 3-piece construction for adaptable handrail layouts
