High Definition Porcelain<sup>®</sup>

shown on front: **MTQ40 24x24** Estate

Modtique<sup>HDP</sup> from Florida Tile beautifully displays a fusion of modern and antique influences that give any space a unique narrative. The balance of old and new creates a feel of something that has evolved over time, a space that is luxurious, yet lived-in. Looking into the face of this tile you see the complexity of soft and sharp details working together in a sublimely elegant pattern. The contemporary color palette elevates this intricate stone into the present, while a touch of antique gives it a foothold in the past. It is a look that fits elegantly in the grandest classical interior, and just as well in a modern, urban environment. Modtique<sup>HDP</sup> beautifully echoes antiquity yet makes a contemporary claim.

Inspired by ancient stones, each color is carefully developed to tell the story of historied spaces with a fresh appeal. Loft combines warm grays with delicate undertones of taupe. Chateau strikes a balance between both warm and cool taupes. Salon blends deep charcoal with a velvety, antiqued surface. Estate is the tour de force with its dramatic, multi-color design featuring light grays, taupe, beige, and deep blacks.

A wide-ranging mix of formats, mosaics, and decos make Modtique<sup>HDP</sup> a modern-day designer's dream.

Available in all four colors are:

- 12x24 and 24x24 field tile
- 3x24 bullnose
- Classic 25 piece mosaic
- Modern 30 piece circle mosaic, a fresh take on the classic penny round with a waterjet cut 2.5-inch size

Available in Loft, Chateau, and Salon:

- 8x48 and 24x48 field tile
- 12x24 decorative tile offering a unique, geometric, layered graphic for added drama
- Random stack mosaic that features pieces of the geometric deco packaged with A / B sides to make the installation appear random yet harmonious

Available in Estate:

Manufactured using proprietary HDP—High Definition Porcelain<sup>®</sup> printing technology and with the technical performance of porcelain, the Modtique<sup>HDP</sup> collection is appropriate for all residential and commercial wall, countertop, backsplash and floor applications. Incorporated into the tile surface is Microban<sup>®</sup> antimicrobial technology that works continuously to inhibit bacteria growth, improve visible cleanliness, and reduce odors.
