Light Source

Warnings and Cautions

Turn off the electricity at the circuit breaker before installation. Consult a licensed electrician if in doubt about installation.

Turn off power to the fixture and allow the bulbs to cool before replacing.

Package Contents

Preparation: Identify and inspect all parts before beginning the installation.

Missing or damaged parts? Contact your original place of purchase.

PARTS BAG

Glass panels may be different than pictured based on which item was purchased.
Glass panels may be pre-assembled on the fixture, depending on which product was purchased.
