

CRC 3-36® Multi-Purp Lubricant & Corrosion Inhibitor

Product Description

Best for general-purpose lubrication and corrosion protection. When moisture shows up, corrosion follows fast. You don't always have time to diagnose every squeak, leak, or drip, but you can't afford to let moisture turn into downtime. CRC® 3-36® delivers an oily, non-drying protective film that drives out water, fights corrosion, and keeps moving parts working.

Pro Tip: The formula will turn white as it displaces moisture, and teal when the moisture is eliminated. With a 1,000 lb. Falex load capacity and wide temp range (-50°F to 250°F), 3-36® gives you a simple visual cue for complete coverage and lasting peace of mind. Because every hour saved on maintenance is an hour gained in production.

Applications

Tubing, castings, gears, weld rod, wire, fixtures, dies, jigs, shim stock, chucks, drill rod, heat treated parts, machined surfaces, finished welds, aluminum extrusions, air actuated tools, conveyors, frozen joints, locks, hoists, etc.

Identification

Item Number / Case Number	1003255 / 1003254
Legacy Number	03005
Unit Package Description	16 Ounce Aerosol
Net Fill	11 wt oz
UPC Code	078254030050
Unit Dimensions	7.75H x 2.63W x 2.63D in
Units Per Case	12

Properties

Appearance	Clear Blue-Green Liquid
Base Type	Petroleum
Boiling Point (F/C)	380°F / 193 °C
Dielectric Strength	38,800 Volts
DOT Proper Shipping Name	Aerosols, Flammable, Limited Quantity
Evaporation Rate	Slow
Flash Point (F/C)	192°F / 89°C
Flammability LEL % / UEL %	0.6 / 5.5
Flammability Class - CPSC	Flammable
NSF Category Code	H2
Odor	Pleasant
Plastic Safe	No
Propellant	Carbon Dioxide
Restricted From Sale In:	
Solubility	Water - Negligible
Spec Gravity Concentrate	0.827
Vapor Density	> 1 (air = 1)
VOC % (Consumer Product def)	0
VOC Category	Multi-Purpose Lubricant
Working Temp (F/C)	-50 to 250°F / -45.6 to 121.1°C

Sizes

16 fl oz	03007
5 wt oz	03004
11 wt oz	03005
1 gal	03006
5 gal	03009
55 gal	03011
