Sales positioning guide

*Powering Business Worldwide*

# We make connected buildings work.\*

\* **Make your workspace work for you.** Eaton's connected lighting systems take the guesswork out of managing your facility, seamlessly adapting to patterns and preferences. With solutions that let you easily manage comfort, productivity and energy savings, it pays to be connected.

Lighting the spaces where we congregate - whether for work, for entertainment, education or services - is fundamental to our experience and performance. Maximizing those interactions requires specific design, cost and efficiency considerations.

# Room Controller

Wired system

**When all you need is simple code-compliance; look no further than Room Controllers.**

- Save time and cost with out of the box functionality. No programming needed!
- Easily meet latest energy codes
- Rack and stack solution with networkable option
- Stay flexible. Use with light fixtures from almost any manufacturer

RC3DE-PL with receptacle and emergency control

Target Audience	Applications
<i>primary:</i> Specifiers	Schools
<i>secondary:</i> Electrical contractors	Small office buildings

# Distributed Low-Voltage Power System

Wired Low-voltage system

**Get the lowest total installed cost of a lighting project with lower labor and faster install.**

- Up to 20% savings in total installed cost compared to conventional systems
- Code compliance out-of-the-box
- Simple plug and play installation
- No system commissioning required

Line-voltage in.  
Low-voltage out.

Target Audience	Applications
<i>primary:</i> Design build contractors	Schools / classrooms
<i>secondary:</i> Specifiers	Small/mid size retail spaces

# WaveLinx

Wireless system

**Get low cost compliance for both retrofit and new installs.**

- Broadest offering of wireless controls and integrated luminaires
- Multi-tier network security
- Easy to retrofit lighting and controls

**Simple.  
Secure.  
Complete System.**

Target Audience	Applications
<i>primary:</i> Contractors	All types of offices
<i>secondary:</i> Specifiers	All types of healthcare

# iLumin Plus

Wired system

**Your solution for high complexity lighting control specifications.**

- Individual fixture control
- Broadest DALI offering
- Intuitive mobile control for user and facility managers
- Complete building integration and control

**Scalable.  
Flexible.  
Adjustable.**

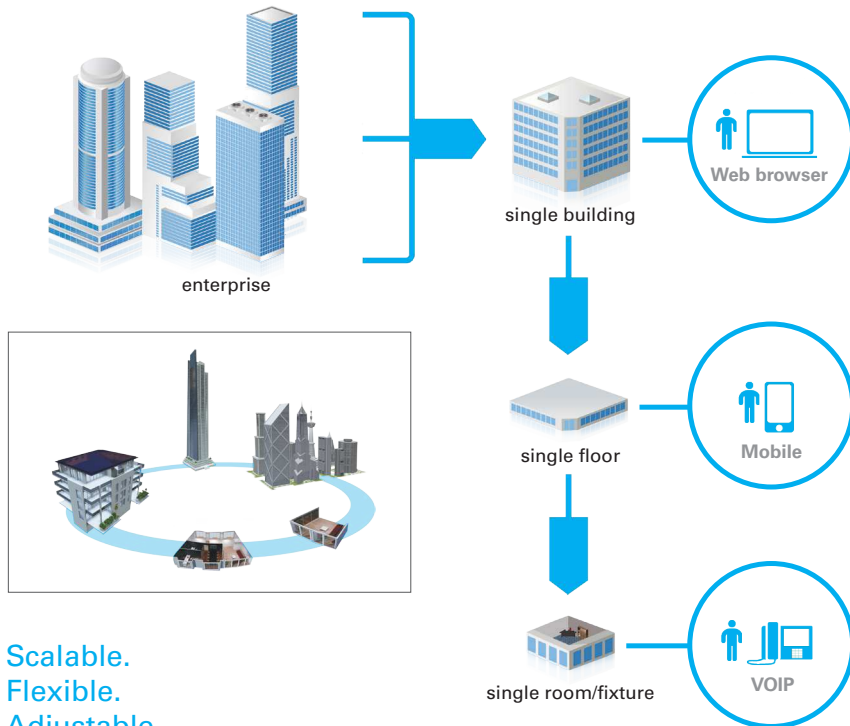

Target Audience	Applications
<i>primary:</i> Specifiers	Flexible office spaces
<i>secondary:</i> Lighting designers	Large commercial buildings

# Fifth Light

Wired system

**Your enterprise solution for multi-building applications requiring individual fixture control, floor plans and reporting.**

- Individual fixture floor plan controls
- Broadest DALI offering
- Facility management, reporting and integration tools
- Multi-building control

Scalable.  
Flexible.  
Adjustable.

Target Audience	Applications
<i>primary:</i> Specifiers	Flexible spaces requiring reporting
<i>secondary:</i> Lighting designers	Large commercial buildings

# Power over Ethernet (PoE)

Wired Low-voltage system (Cisco PoE)

**Achieve smart connected lighting with smart building integration.**

- Low-voltage, IoT solution
- Easy enterprise management
- Complete building integration

Simplicity.  
Security.  
Savings.

Target Audience	Applications
<i>primary:</i> IT Managers/CTOs (big enterprises)	Large/green office buildings
<i>secondary:</i> IT contractors/VAR	Smart commercial spaces

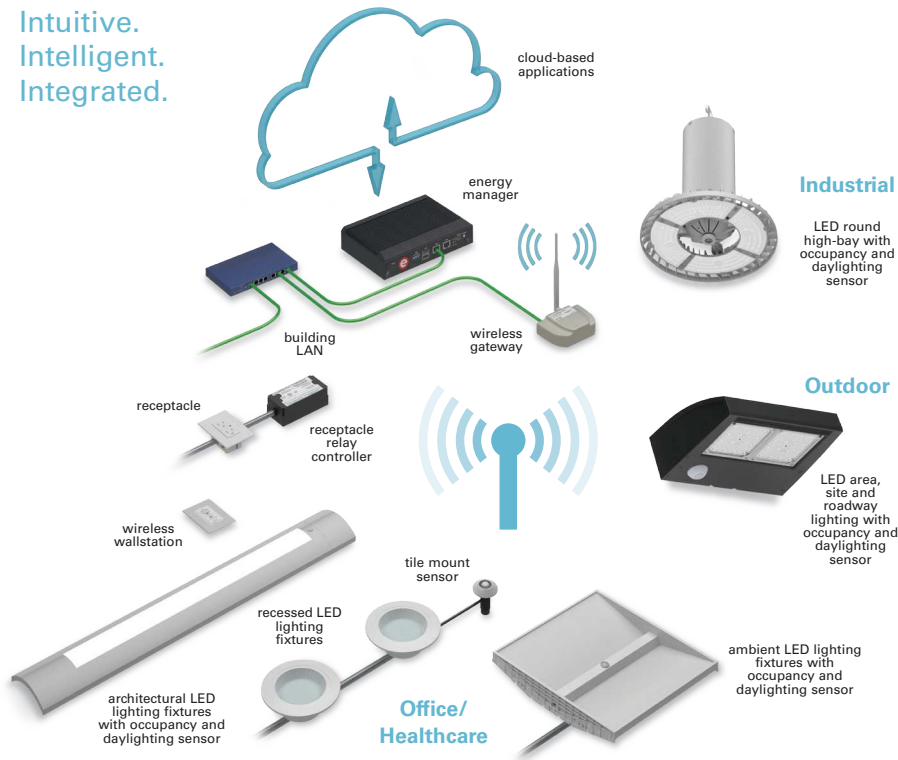

# LumaWatt Pro powered by Enlighted

Wireless system

## Solve high value problems beyond lighting.

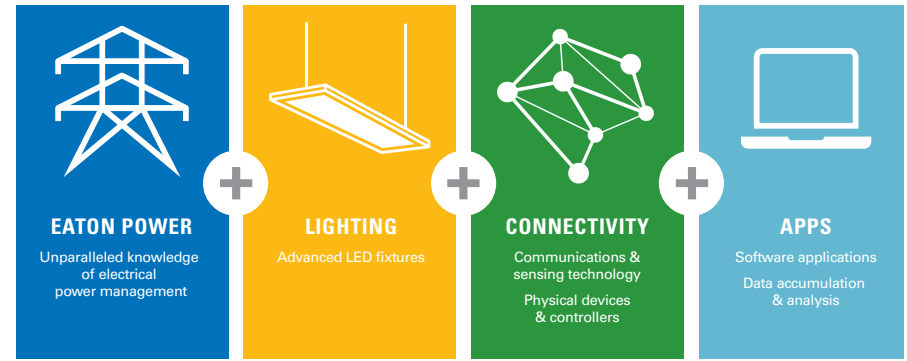

- Space utilization and other value added services
- Asset tracking
- Maximum return on investment

Intuitive.  
Intelligent.  
Integrated.

Target Audience	Applications
<i>primary:</i> Large enterprise owners	Industrial spaces
<i>secondary:</i> Facility managers	Large healthcare facilities and office buildings

# We make connections work\*

## Simplified connected lighting solutions for Buildings, Communities & Homes

Eaton's portfolio of connected lighting solutions leverages the real-estate of the physical light fixture to increase building, business and community operating efficiency through controls and data. With connected lighting solutions, we go beyond controlling light to solve higher complexity problems enabled by sensing and communication capabilities within the light fixture itself.

\* With innovation you can rely on, and connections you can build on; that's how Eaton makes connections work.
