IPORT CONNECT Paycase NYC1

1. **Remove the NYC1 and PayCase from their packaging. Remember to remove the provided adhesive sticker as well.**

2. Remove one side of the adhesive cover to expose the 3M VHB. Place the adhesive in the shallow recess of the back of the NYC1. Apply firm pressure for 30 seconds.
**3.** **Remove the second side of the adhesive cover, exposing the adhesive to stick onto the PayCase.**

PAYMENT PROCESSOR

4. Orient the NYC1 and the Pay Case upward, noting that the charging pins face the same direction before installation.
5. To install the NYC1 into the PayCase, first attach the left side of the case to the device. Then, press down securely until you hear the NYC1 click into place. Continue to apply pressure to the Case and NYC1 for 30 seconds to ensure a secure bond to the case.
PAYMENT PROCESSOR

5. The PayCase magnetically attaches to the CONNECT Phone Case. The NYC1 is designed to be easily removed and attached to use the tap, dip, and swipe transactions.
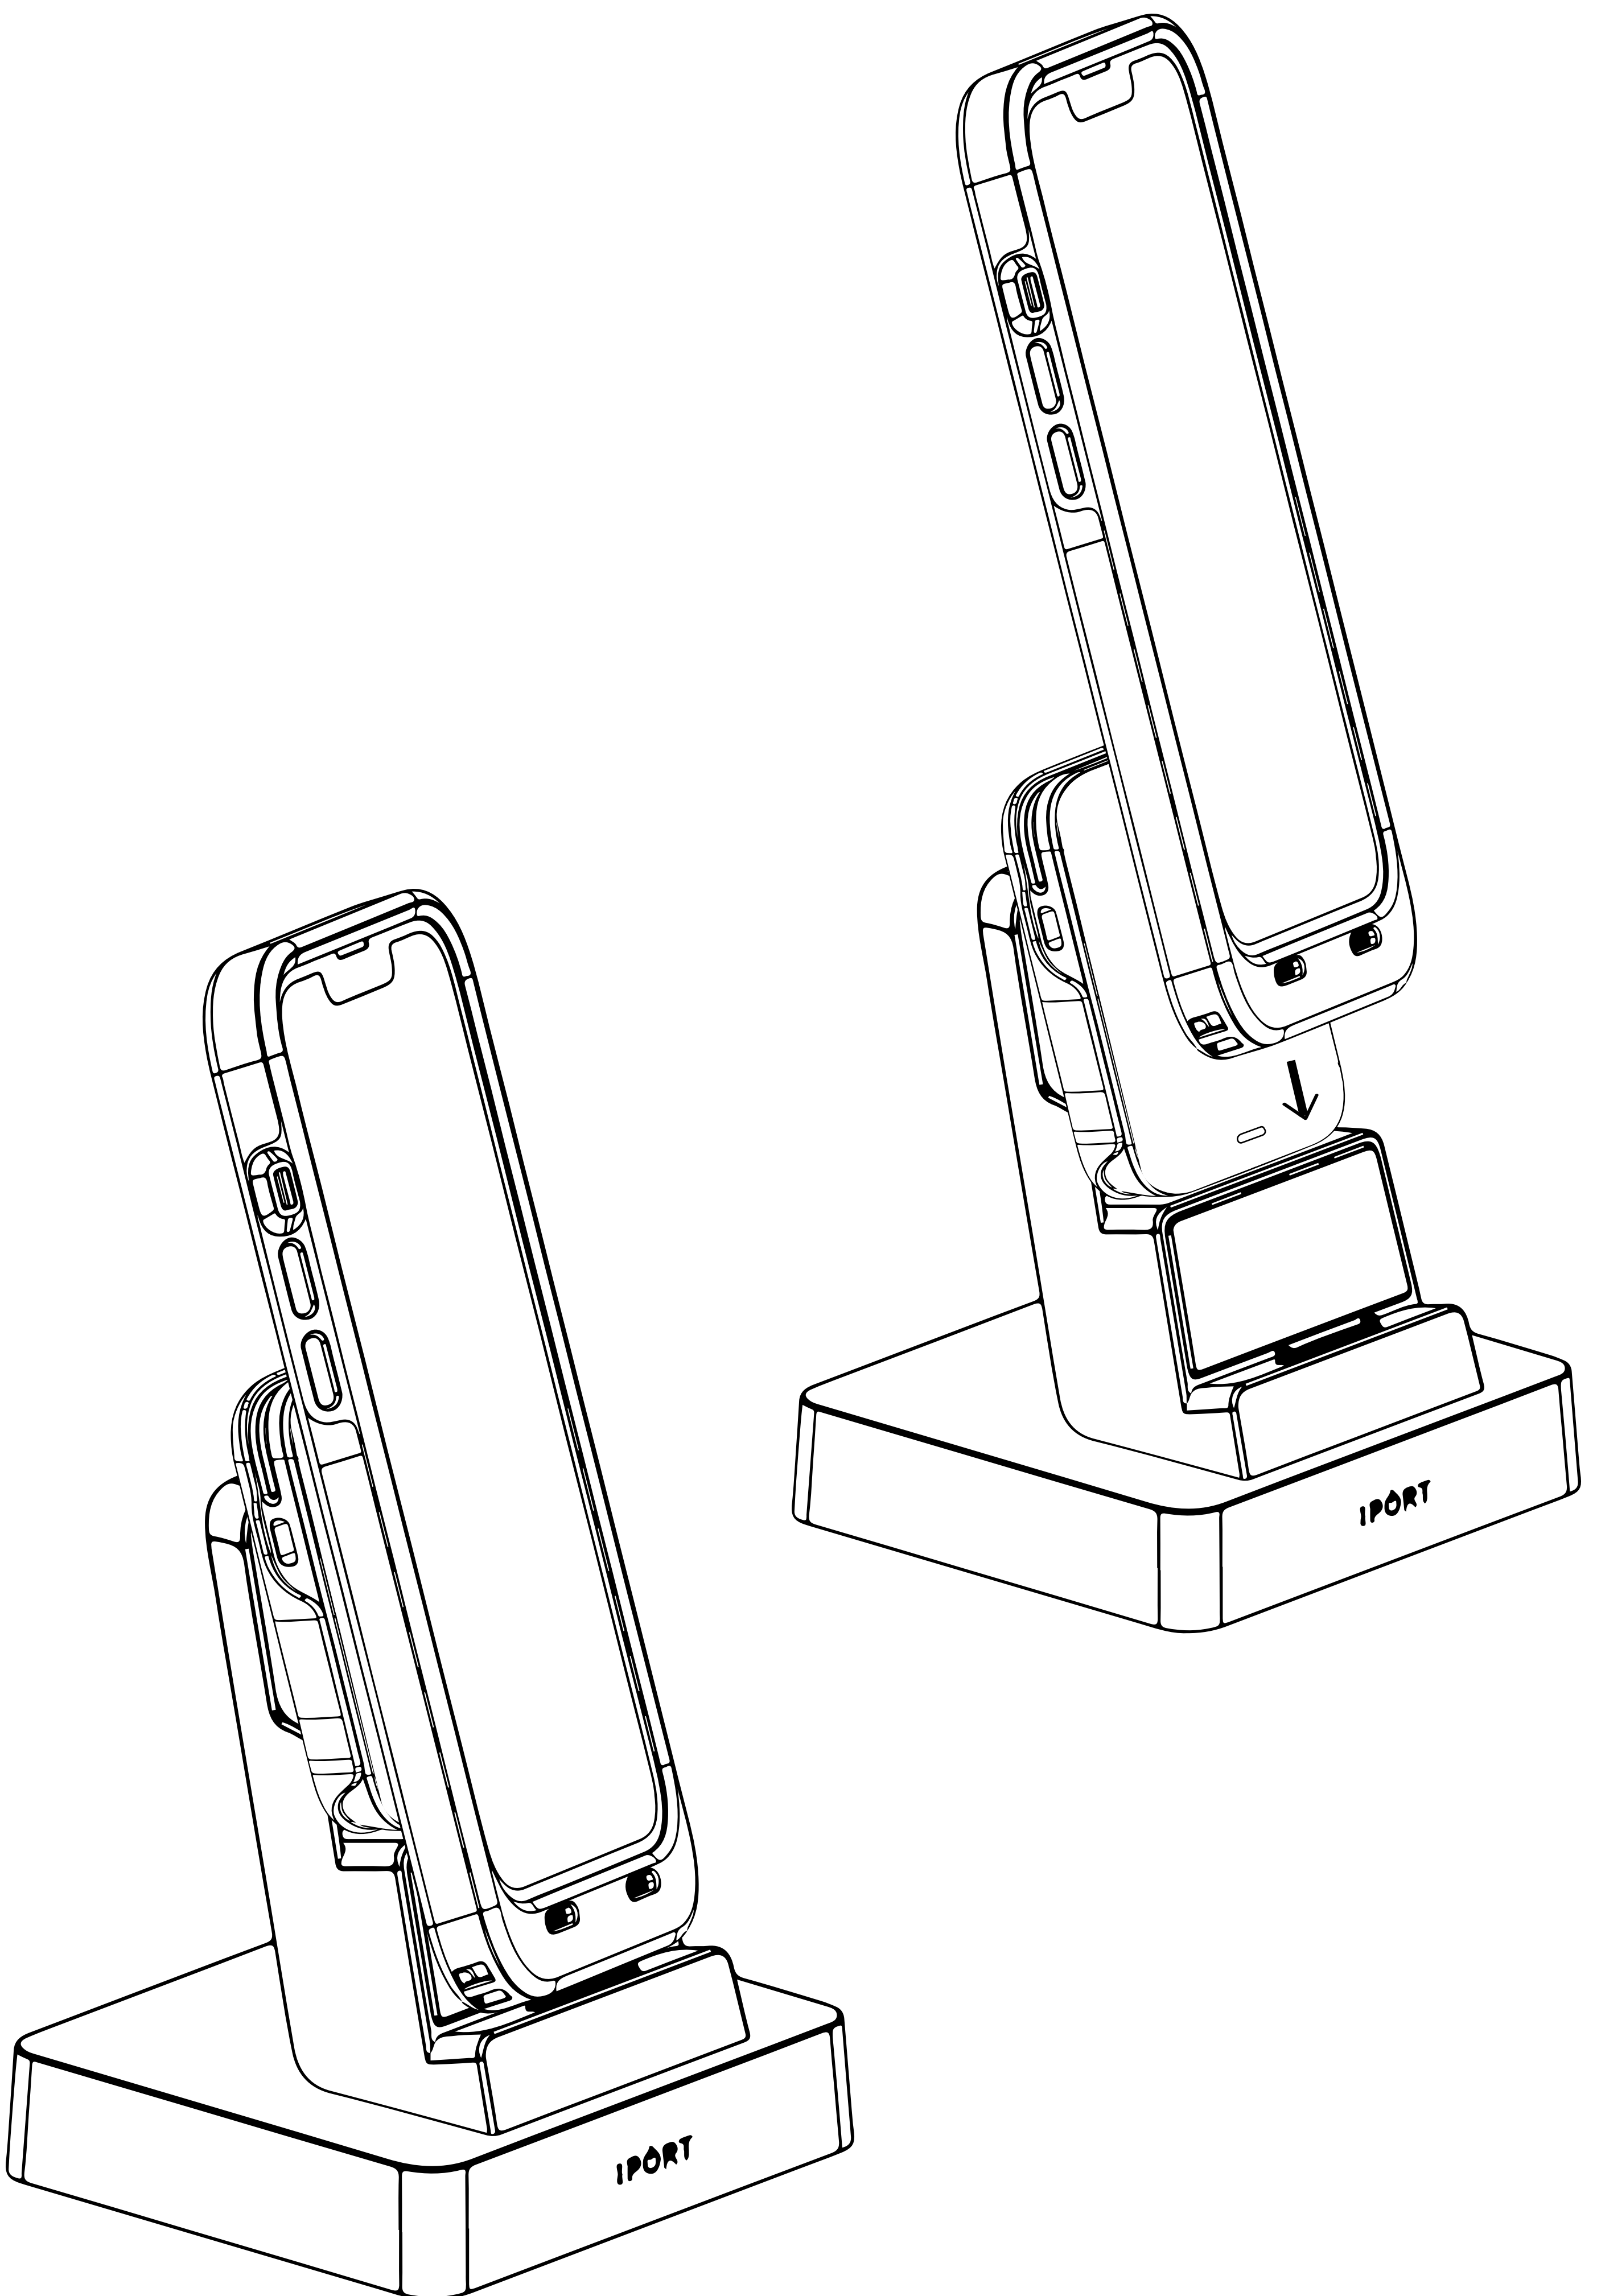

IPORT CONNECT

7. To charge the NYC1 PayCase, remove the PayCase from the phone and place the NYC1 Face out from the dock in the top charging location.
8. **Once the PayCase has been removed and is charging on the Dock, place the CONNECT Phone Case face out and place it onto the Dock.**
9. The iPhone's charging status is visible in the top right corner. To view the charging status of the NYC1, remove the PayCase from the Dock and press the side battery indication button to see the battery indication LEDs.

10. **To Charge the CONNECT Phone Case and Pay Case on a MultiDock, Detach the Pay Case and place it in the upper Cradle. Then, place the CONNECT Phone Case into the lower Cradle.**

X6

NYC1 Charging Charicteristics with MultiDock.

11. **The MultiDock is equipped with LEDs on the side to show the current charging status of a docked phone and payment processor. If charging ONLY a NYC1 without a phone attached, the LED will light up Red while charging the NYC1. Once fully charged, however, the LED will only show GREEN when a CONNECT Phone Case is docked. If only the NYC1 is docked on a cradle, the LED will show grey or not lit. To Verify the charge status of the NYC1, remove it from the MultiDock and press the side button to show the integrated charge LEDs.**
