

Cartridge

Type ED 310

ADVANTAGEOUS FEATURES

- single-piece cartridge with integrated application nozzle for plastic and permanently elastic sealing compounds
- optionally with or without foil seal on cartridge shoulder
- ensures excellent application behavior and optimum emptying when used with corresponding Fischbach plunger
- the cartridge is suitable for automatic filling, prefabrication with the corresponding plunger systems and automatic end packaging
- the raw material used is suitable as a barrier against water vapor for many silicon, sealing and adhesive compounds
