

Schedule

****Note to parents:** Some activities listed below “appear twice” (or may otherwise look like I repeated them), which is not an accident. Extra time is given for some of the longer/more difficult concepts, or chapters with a lot of study questions, so the students can spend time digging in and learning, rather than feeling rushed or like they are falling behind. Repetition is very good for learning and so I frequently have them re-read one or more sections from the day or two prior before moving onto the new material of the day. I’ll always mark such days with “**” so you know it isn’t a mistake.

A note regarding the Textbook/Workbook/Video Lesson assignments: These resources are meant to work in unison, with each covering the same material based on the Textbook reading assignment; on Week 1, Day 1 the Textbook and Video Lesson cover Sections 1.0–1.1, with the Workbook reinforcing the video lesson for that material. You do not need to use all three resources to complete the course, but whichever combination of material you choose to use will follow this schedule.
