

CRC Industries NZ, Auckland NZ

I. Product Description

CRC Clean-R-Carb is an effective in-place carburettor cleaner that removes deposits of gum, varnish, lacquer, resin paraffin, metallic salts, oil, oxides, tar and gasoline stains. Regular cleaning with CRC Clean-R-Carb prevents gum deposit build-up in carburettors, giving faster starting, smooth idling and improved petrol economy.

CRC Clean-R-Carb removes carbon build-up and deposits on injectors, alloy heads, cylinders, pistons and linkages eliminating the need to use wire brushes thus avoiding damage to soft metal alloys.

II. Features & Benefits

- **Dissolves carburettor deposits**
- **Restores engine power**
- **Maximises fuel economy**
- **Non-corrosive degreaser**
- **Cleans without disassembly**

III. Directions for Use

1. Remove air cleaner from carburetor.
2. With ignition off and engine cool, clean outside of carburetor, heat riser, automatic choke, carburetor linkage and EGR valve.
3. With engine running at fast idle, clean PCV system and inside of carburetor including butterfly valve, choke valve shaft, air bleeds and vacuum ports.

IV. Typical Properties and Characteristics

Odour	Solvent + pleasant perfume
Flammability	Flammable aerosol
% Volatile	100%
Propellant	Carbon Dioxide

V. Package Description

Part Number	Size
5081	500ml Aerosol

CRC Industries NZ, Auckland NZ

VI. *Special Precautions*

General:

Extremely flammable aerosol. Keep away from heat/sparks/open flames/hot surfaces. No smoking. Do not spray on an open flame or other ignition source. Avoid breathing dust/fume/gas/mist/vapours/spray. Do not eat, drink or smoke when using this product. Use only outdoors or in a well-ventilated area. Use personal protective equipment as required. Dispose of empty containers safely. All unused product should be disposed of in conformance with local and HSNO regulations, do not contaminate water supply.

Aerosol Cans:

Do not puncture, incinerate or store above 50°C. Exposure to high temperatures may cause can to burst. Do not place in direct sunlight or near any heat source. Aerosol cans will conduct electricity. Keep away from all live electrical sources including battery terminals, solenoids, electrical panels and other electronic components. Failure to observe this warning may result in serious injury from flash fire and/or electrical shock.

First Aid:

Swallowed – Avoid giving milk or oils. Avoid giving alcohol. Not considered a normal route of entry.

Skin – Flush skin and hair with running water (and soap if available). Remove any adhering solids with industrial skin cleansing cream. DO NOT use solvents. Seek medical attention in the event of irritation.

Eyes – Immediately hold the eyelids apart and flush the eye continuously for at least 15 minutes with fresh running water. Ensure complete irrigation of the eye by keeping eyelids apart and away from eye and moving the eyelids by occasionally lifting the upper and lower lids. Transport to hospital or doctor without delay.

Inhalation – Remove to fresh air. Lay patient down. Keep warm and rested.

Refer to Material Safety Data Sheet for more details.
