Black Diamond Ice Storage Bin, 305 lb Capacity, 22" W Freestanding, in Stainless Steel/Black

BDIB22

Designed for commercial kitchens, the Black Diamond Ice Storage Bin provides a reliable solution for holding up to 305 lbs. of ice. Built with durable 304 stainless steel and black plastic for long-lasting use, this freestanding bin features manual controls and includes an ice scoop for efficient operation. Engineered for easy integration with most ice makers and designed for low-maintenance cleaning, it is ideal for bars, restaurants, and catering environments. See warranty coverage for details.

FEATURES AND CONSTRUCTION

- Features a 305-lb ice storage capacity for high-volume needs
- Constructed from corrosion-resistant stainless steel (304) with a hygienic, easy-clean plastic interior
- Designed to pair with compatible modular ice machines
- Ideal for large-scale ice storage in any front- or back-of-house location
- Evaporative cooling system preserves ice integrity and minimizes melting
- Functions optimally in typical commercial kitchen temperature ranges
- Four 6" adjustable legs stabilize the ice storage bin and make cleaning underneath a breeze
- Freestanding bin with lift up door for convenient single-handed and flexible placement

INCLUDED COMPONENTS

- Ice scoop, 4 legs, 2 PTFE gaskets, plastic joint coupling, inlet hose with connectors, sink cap, drain hose for bin, drain hose for ice machine, ice bin drainage coupling

INSTALLATION

- A clearance of 2" from the wall is recommended to promote adequate cooling air circulation
- A gravity drain line is required to install this ice machine
- If a water filter option is not used, the performance and life expectancy of the machine will be greatly reduced. Suggested water filters are the TLC-107096 (single head), TLC-107097 (double head), and the TLC-3200S (replacement cartridge).
