JASCO®

JascoPro Series Wi-Fi In-Wall Smart Switch
JASCO
PRO™
S E R I E S

Specifications

Power: 120VAC, 60Hz **Signal Frequency:** 2.4GHz
Maximum Load: 1200W Incandescent,
1/2HP Motor 1800W (15A Resistive)
Range: Up to 100 feet from router
Operating Temperature: 32-104° F (0-40° C)
Warranty: 10-year limited, nontransferable product warranty

**Requires neutral wire. Switch must be mounted indoors**

Design Features

· QuickFit – improved components reduce the housing depth by up to 20% compared to previous Wi-Fi models and eliminated the need for heat tabs

· SimpleWire – auto-sensing line-load terminals support fast installation by detecting line and load wires and configuring the switch accordingly. Dual ground ports support daisy-chaining in multi-switch setups

· Requires 2.4GHz Wi-Fi – compatible with single-, dual- and tri-band routers

· Free JascoPro Series app – no hub required

· Effortless Wi-Fi setup and control

· Mobile or voice control – works with Amazon Alexa and Google Assistant

· Turn ON/OFF the connected device manually or with the JascoPro Series app

· May be used in single-pole installations and with up to four JascoPro Series add-on switches or an existing 3-way switch

· Works with all LED, CFL, incandescent and halogen bulbs

· Blue LED indicates automatic or manual paring mode status

· LED can serve as status indicator, guide light, always ON or disabled

· Can be included in multiple groups, scenes and automations

· Double-tap and triple-tap scene activation directly from device

· Smart bulb mode — allows use of smart bulb in connected fixture by retaining communication to and status of the light while supporting tap-command scene control

· Emergency Flash – flashing lights indicate location to first responders

· Screw terminal installation – requires wiring connections for line (hot), load, neutral and ground. Traveler wire required for multi-switch installation

· Over-the-air (OTA) updatable – firmware and app updates ensure the latest features are always available

· Uses a standard rocker wallplate – not included

· In-line traveler circuit protection

QUICKFIT™
SIMPLEWIRE™

1.75in.

1.13in.

4.13in.

2.63in.

Installation Recommendations:

· Insert wire into port and tighten screw – do not wrap wire around screw

· Indoor use only

· Wallplates sold separately

· Trilingual Instruction manual – English, French, Spanish
