Novus B56 XL

Heavy Duty Long Arm Stapler

The Novus B56 XL Heavy Duty Long Arm stapler is designed for high-volume stapling of up to 170 sheets with minimal effort. It features an anti-blocking system to prevent jams, a 9.75" throat depth for stapling booklets, and a bypass system that prevents staple overlap when stapling fewer sheets. This stapler is German engineered and works best when paired with Novus 23-gauge premium staples.

9.75" throat depth for saddle stitching booklets and large documents.

Features | Benefits

- 9.75" Stapling depth for saddle stitching booklets and large documents

- Long handle with 2-point leverage provides more power with less effort

- Anti Blocking System prevents staple jams

- Metal internal components increases performance and durability
