4 - M5 x 16 Pan Washer Head Machine Screws

4 - M5 x 10 Pan Washer Head Machine Screws

2 - M5 x 35 Truss Head Machine Screws

4 - 3MTM Double-Sided Foam Tape Squares

Installation Instructions for the WC-EMBM Series

STEP 1

Prepare Organizer for Install

Remove wire basket from frame by pulling up. Place the slide base inside cabinet, pulling forward so slides are flush to interior face frame. Firmly secure using the four #8 x 5/8" Pan Head Screws provided.

Remove the basket
wire from the 4 black
plastic clips

STEP 2

Attach Door Bracket

Adjust door-mounting brackets out to the desired location. Attach 1 square of double-sided foam tape to each door bracket. Close the organizer, visually line up the door and press door firmly against the organizer so that door sticks to tape on brackets. Open organizer and secure brackets with provided M5 x 16 Machine Screws.

STEP 3 Adjust the Door

Adjust the door:

"A" M5 x 35 Machine Screw adjusts the door height

"B" M5 x 10 Machine Screw keeps the door vertical

"C" M5 x 16 Machine Screw fastens the basket

STEP 4 Complete the Installation

Reattach the wire basket to the slide frame by pushing it into the plastic clips until it snaps tight. Insert the trash cans into the wire basket. Cycle the organizer to ensure the soft-close slides are operating correctly.
