

Reserve Wine

## Crafted For Your Personal Taste

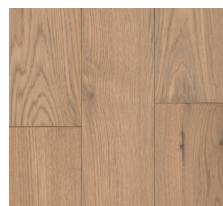

The Whiskey & Wine collection delivers wood floor pairings with varied levels of texture. Wine floors offer clean, smooth grains, while Whiskey styles serve bolder character with more knots and personality. All floors are made in the USA and feature a top beauty layer of premium American white oak over a sustainable core of poplar wood. This engineered design boosts dimensional stability and allows up to 4x as much flooring from each tree.

### Crafted Protection

Planks are protected by a safe-for-the-home aluminum oxide finish which highlights the wood's visual personality and helps to prevent scratches.

### Project Versatility

Flooring is tongue-and-groove milled and can be glued down or nailed with the assist of a T&G adhesive.

### Trusted Design

Floors are backed by a 50-year residential and 15-year commercial warranty with all wood responsibly harvested from Lacey Act compliant forests.

<b>Construction</b>	Engineered Hardwood - Green to the Core
<b>Species</b>	American White Oak
