

DynaGel

Silver Wound Gel

ITEM 1279	1.5 oz.	1 / bx	24 bxs / cs
ITEM 1281	3 oz.	1 / bx	24 bxs / cs

Dürma+ DynaGel Silver Wound Gel is infused with antimicrobial silver to help keep wounds clean and support healing. The non-stinging, water-based formula absorbs excess fluid and stays in place for up to three days, creating a moist environment that promotes recovery.

- Hydrogel infused with antimicrobial silver to reduce the risk of bacterial growth
- Absorbs exudate and adheres securely for up to three days
- Designed to maintain a moist wound environment to support optimal healing
- Non-staining and non-stinging formula for improved patient comfort
- Ideal for managing first- and second-degree burns, ulcers, and surgical wounds
