- Two-in-one golden armor tire sealant creates a robust liquid shield inside your tire to instantly seal or repair punctures, providing superior protection
- Water and natural fiber-based mixture is less messy and easier to clean up than other oil or latex-based blends
- Anti-Freeze formula maintains fluidity down to -4° F (-20° C) and withstands heat up to 140° F (60° C)
- Schrader valve sized tube and nozzle fit tires (tube & tubeless) on lawn mowers, wheelbarrows, scooters, motorcycles, bicycles and most vehicles

- Plant-based blend uses natural leaf microfibers to create a strong sealing mesh, is 100% non-toxic and latex-free, and lasts up to 6 months
- Specifications: Contains 16 oz. (473 ml), -4° F (-20° C) to 140° F (60° C) operating temperature, water-based formula,; one bottle is sufficient to completely seal a 225-size tire (larger tires may require more than one bottle)
