

Novus B56 re+new

Eco-Friendly Heavy Duty Stapler

The Novus B56 re+new Heavy Duty Stapler offers smooth, hassle-free stapling of up to 200 sheets. It's made from 82% recycled plastic and features an anti-blocking system to prevent staple jams, an adjustable depth guide, and a bypass system for using longer staples with fewer sheets. This premium high-capacity stapler is German engineered and works best when paired with Novus 23-gauge premium staples.

Features | Benefits

- Eco-friendly- Made from 82% recycled plastic
- Long handle with 2-point leverage provides more power with less effort
- Anti Blocking System prevents staple jams
- Metal internal components increases performance and durability
- Dual staple guide provides even stapling pressure for superior performance
- Adjustable depth guide for repetitive stapling accuracy
- Bypass system prevents overlap of staple legs when stapling smaller quantities
- Heavy-duty base provides support and durability for extended use
- Space-saving staple storage in the base
- German engineered for quality and durability

Anti-Blocking System prevents jams and the hassle of stuck documents.

Adjustable depth guide keeps your clinches in the right spot with every stack.
