

Resp-O₂™ Oxygen Therapy Accessories are designed to improve the efficacy, convenience, and overall comfort of respiratory equipment. They are not made with natural rubber latex or DEHP.

Nasal Oxygen Cannula Ear Foam Covers

- Lightweight foam construction
- Suitable for adult and pediatric patients

Inline Water Traps

- Traps and collects excess moisture from oxygen tubing
- Keeps liquid away from patients' nasal passages
- Tapered fittings ensure a secure connection to the tubing
- Transparent body allows for clear monitoring of fluid

Oxygen Tubing Adaptors

- Designed to extend adaptability of oxygen tubing

Portable Oxygen Liter Meter

- Designed to measure gas-flow from oxygen source
- Convenient pen-style design
- Not to be used as a calibration device
