

COLDWEATHER WINTER IMPACT PRO

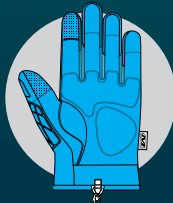

COLD WEATHER HAND PROTECTION

Rain, sleet or snow...when the temperature drops, reach for the Winter Impact Pro. Comfortable micro-fleece lines the entire glove and C40 3M™ Thinsulate™ traps warm air to help regulate your body temperature in the bitter cold. A Hipora® waterproof liner keeps your hands dry and provides critical wind-resistance in rough weather. The Winter Impact Pro's rugged outer features Thermal Plastic Rubber (TPR) pinch-point fingertip protection and an Armortex® knuckle guard to reduce impact injuries. Abrasion-resistant Armortex® reinforces the fingertips and conceals EVA palm padding to reduce hand fatigue while you work. Stay connected to your touchscreen devices while you work outside, with AX™ Double Connect on your thumb and index finger.

KNUCKLE GUARD

Rugged Armortex® knuckle guard conceals 5mm EVA foam padding.

WATERPROOF

A Hipora® waterproof liner keeps hands dry in rain, sleet or snow.
