## **Care and use**

Prior to the first use, it is essential to hand-wash the cutlery thoroughly and dry it completely. While this cutlery is dishwasher safe, for optimal maintenance of its finish, hand-washing is highly recommended. For the removal of stubborn stains, utilise a non-abrasive plastic mesh or pad along with warm, soapy water. It is important to avoid leaving the cutlery to soak in water for extended periods. When it comes to storage, ensure that the cutlery is not stored while wet; instead, keep it in a clean, dry location.
