TAG RAM MOUNTS

Subject to first level discounts only - For more information call 1-800-668-5324

The Clamp items (TAGMCLAMP, TAGHPHNC and TAGHCUP) install onto the scooters' delta tiller handles.

Upon installation, the foam handle cover will permanently compact leaving a dent where the units were installed. Invacare Canada will not be held responsible for the replacement of the foam covers.

Scooter Accessory Compatibility Chart

The Leo, Pegasus Metro/Pro, Comet Pro and Comet HD/Ultra have dual accessory ports on the rear of the scooter seats. Because of this, there is the option of using multiple accessories at the same time. Please refer to chart for scooter accessory compatibility.

*Note: Rear accessories used on the Comet HD require the scooter accessory extension tube (1541502)
