

CHAIN SPRAY

Technical Data Sheet

Creation Date 28/03/2018

Version I

A water resistant lubricating spray that fully protects chains against corrosion.

Where to use?

CRC Chain Spray can be used to protect all types of chains, hoists and pulleys. It is harmless to metals, most plastics and rubbers. It can be used on motor-cycles, tractors, garden equipment, etc.

How does it work?

When applying CRC Chain Spray, it penetrates deeply into the chain components then forms a long lasting, anti-wear film.

What to expect?

CRC Chain Spray reduces friction and wear as well as noise. It will extend chain life and it is resistant to both hot and cold water wash-off.

Be prepared

- Before use, carefully read and observe the warning texts on the label
- Always make sure to have a good ventilation.
- Avoid open fire or other sources of ignition in the same room.
- Wear protective gloves.
- Dispose empty cans according to your local legislation.

Help for a good application

- Disconnect power from electrical equipment
- Clean parts to be lubricated with CRC Power Clean and allow to dry
- Apply lubricant on the chain and allow product to penetrate and set for a few minutes
- Do not energize or start equipment before product has penetrated and set
- Spilled or excess product can be removed with CRC Power Clean and a clean, lint-free cloth

Technical data (Aerosol)

Appearance:	Liquid
Colour:	Blue
Volume:	250ml

Related products:

- Spilled or excess product can be removed with CRC Power Clean

All statements in this publication are based on service experience and/or laboratory testing. Because of the wide variety of equipment and conditions and the unpredictable human factors involved, we recommend that our products be tested on-the-job prior to use. All information is given in good faith but without warranty neither expressed nor implied.

This Technical Data Sheet may already have been revised at this moment for reason such as legislation, availability of components and newly acquired experiences. The latest and only valid version of this Technical Data Sheet will be sent to you upon simple request or can be found on our website: www.crcind.com.
