ITEM 3063	9" x 9" Large Sacral	5 / bx	12 bxs / cs

- Provides a warm, moist healing environment to help minimize the risk of bacterial contamination
- Soft and comfortable foam dressing offers superior absorption, locks exudate away
- Vapor-permeable waterproof film with silicone contact layer is gentle on wounds and moves without losing adherence
- High-absorbency sterile dressing used for high exuding wounds
- Primary or secondary dressing to treat and manage partial- to full-thickness wounds at stages 2, 3, or 4
