18 Metre Clothes Airer

Please retain instructions for future reference.

CARE AND USE

Suitable for indoor use only.

Please retain instructions for future reference.

Remove all of the packaging from the airer.

Stand the airer on its end, on the floor.

Carefully raise the drying area away from the legs.

Secure the airer into the upright position by sliding the leg.

Open up the folded airer wings to increase the drying area to full size.

Fold in the airer wings after use.

To collapse the airer for storage, slide the locking cap (fig. 4) up the airer leg and then holding the airer frame and opposite leg, slowly lower the drying area, until it is in the closed position.

Take care not to trap hands as it closes.

Made in Turkey
