

ADL8

8" Architectural LED Downlight

Product Description

NICOR's architectural LED downlights are energy efficient and environmentally responsible, allowing you to light larger commercial spaces with peace of mind. The ADL offers high efficacy and exceptional color rendering, making this luminaire an ideal choice in places such as corridors, conference rooms, lobbies, and large offices. The ADL is available in a range of color temperatures with lumen options to fit any project.

- Construction**
- Durable galvanized steel frame, with architectural mounting bracket
 - Aluminum heat sink routes heat away from electrical components

- Optical System**
- Highly reflective optical cone and textured diffuser create a uniform distribution of light

- Electrical**
- Utilizes high performing LED's with 88 CRI
 - Driver delivers full-range dimming from 0 - 10VDC
 - External driver ensures steady performance and long lifespan
 - Operating temperature rating of 0°F to 120°F (-18°C to 49°C)
 - 120-277V Input voltage
 - TM-21 Projected L70(10K) life > 50,000 hrs
 - LM-80 testing performed in accordance to IESNA standards

- Finish**
- Satin reflector with white trim ring

- Installation**
- Butterfly-style architectural mounting brackets accept C-channel or flat bar hangers as well as 1/2" EMT for tie-down to ceiling grid

- Warranty**
- 5-year limited system warranty standard
 - Warranty does not cover product failure due to an overvoltage event (power surge.)
- For installations where power surge may be possible, NICOR recommends installing additional surge protection at the fixture or electrical distribution panel
