

FIFRA Section 2(ee) Recommendation

For Control of Spotted Lanternfly on Outdoor Ornamental Trees in all states except CA, CT, Long Island (Nassau, Suffolk, Kings, and Queens counties of NY), MA, MD, ME, TX, VT. NOT FOR DISTRIBUTION OR USE IN Pinellas (FL), and Tampa (FL) [Jun 1 - Sep 30].

BioAdvanced Science-Based Solutions 12 Month Tree Protect & Feed Ready-To-Use Granules

EPA Reg. No. 92564-30

This recommendation is made as permitted by Section 2(ee) of FIFRA, as amended, and has not been submitted to or approved by the US Environmental Protection Agency. This recommendation must be in the possession of the user at the time of pesticide application.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

For Spotted Lanternfly, determine the amount to use by measuring the distance around the tree trunk. Apply the required amount around the base of the tree. For trees with circumference less than 30-inches, apply the required amount of product evenly in a circle 2 feet from the tree trunk. For trees with circumference greater than 30-inches, apply the required amount of product evenly in a circle 3-4 feet from the tree trunk.

Follow all other label directions, restrictions and precautions on the product label.

ALWAYS READ AND FOLLOW LABEL INSTRUCTIONS

This FIFRA Section 2(ee) recommendation contains new or additional directions for use of this product, which may not appear on the package label. Read and observe the precautionary statements plus all other information appearing on the product labels. For Utah and Washington, this recommendation is not required to be in the possession of the user at the time of pesticide application. For all other states, this recommendation must be in the possession of the user at the time of pesticide application.

This Technical Information Bulletin expires on 12/31/2024.
