Shade Variation		Grout Joint Recommendation		NOTES	
V1 - V2 Slight Variation		1/8" (3 mm)		<p>Since variations are common in artistic glass tile, we recommend final selection be made from an actual tile mock-up. To achieve optimal results in shading, layout and design, tile should be randomly selected from multiple boxes during installation. We recommend a minimum of 10% overage on all orders. Installation constitutes acceptance. We advise retaining control samples to aid in color matching if additional material is required (match not guaranteed).</p>	
MAINTENANCE					
<p>A routine cleaning of Origami Field tiles can be done with light duty, diluted close to neutral pH cleaner.</p>					

* Acceptable for use near open flame or heat source; however, it is not considered 'Fire Glass'.
