B. LEG

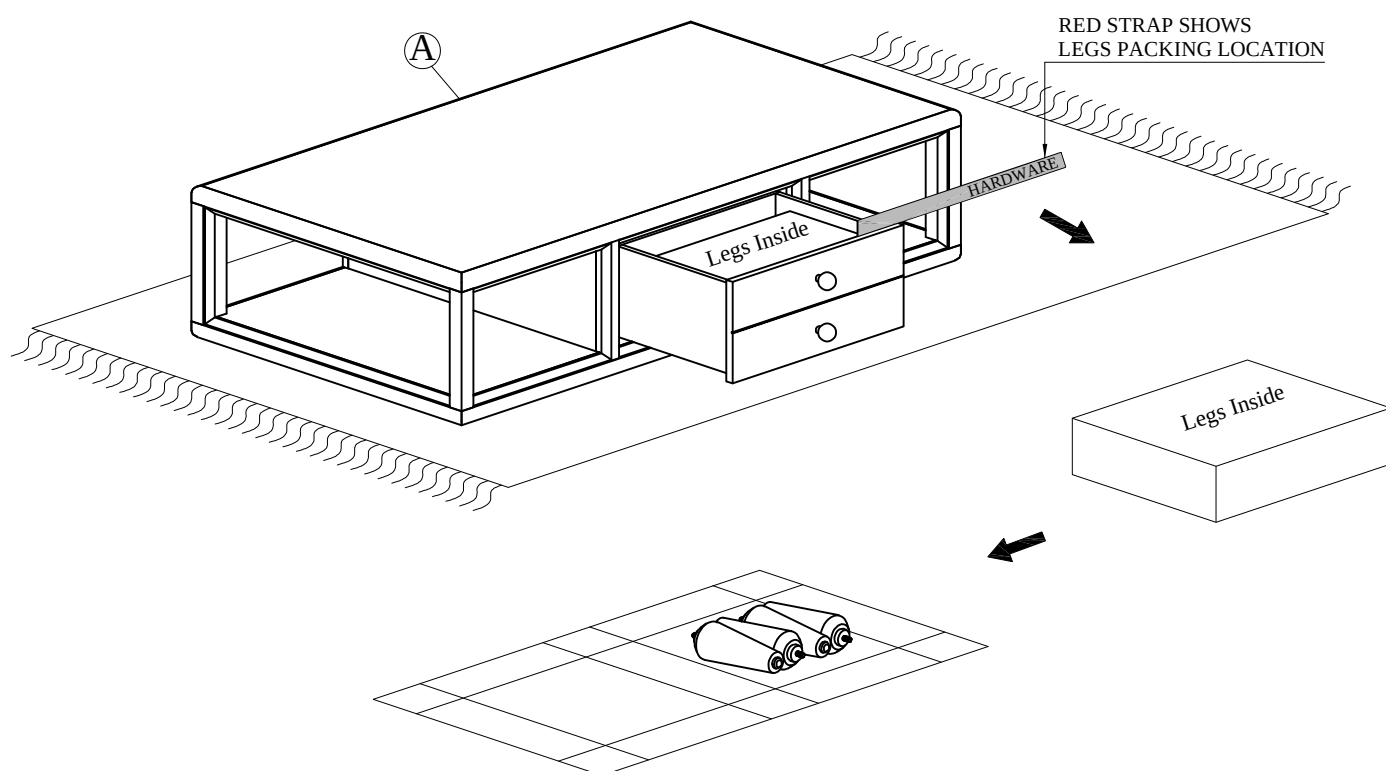

4 PCS

FULLY ASSEMBLED

STEP 1:

ASSEMBLY INSTRUCTIONS

MODUS
FURNITURE

STEP 2:

This diagram illustrates the second step of assembly, which is attaching the legs to the frame. The main illustration shows a rectangular frame with a mesh base being positioned on a wavy surface representing the ground. Four legs, labeled 'B', are shown being attached to the corners of the frame. Arrows indicate the direction of attachment. A dashed box highlights the corner attachment point, and a circular inset provides a detailed view of the leg being secured to the corner bracket. The inset is labeled '4x', indicating that this step is repeated for all four corners. The leg 'B' is shown being inserted into a bracket and then secured with a screw.

STEP 3:

The diagram illustrates the final assembly step. It shows the coffee table frame being lowered onto the legs. A callout shows the correct way to attach the leg (upward arrow) and the incorrect way (downward arrow). A final callout shows the leg being rotated into place.
