

SONANCE

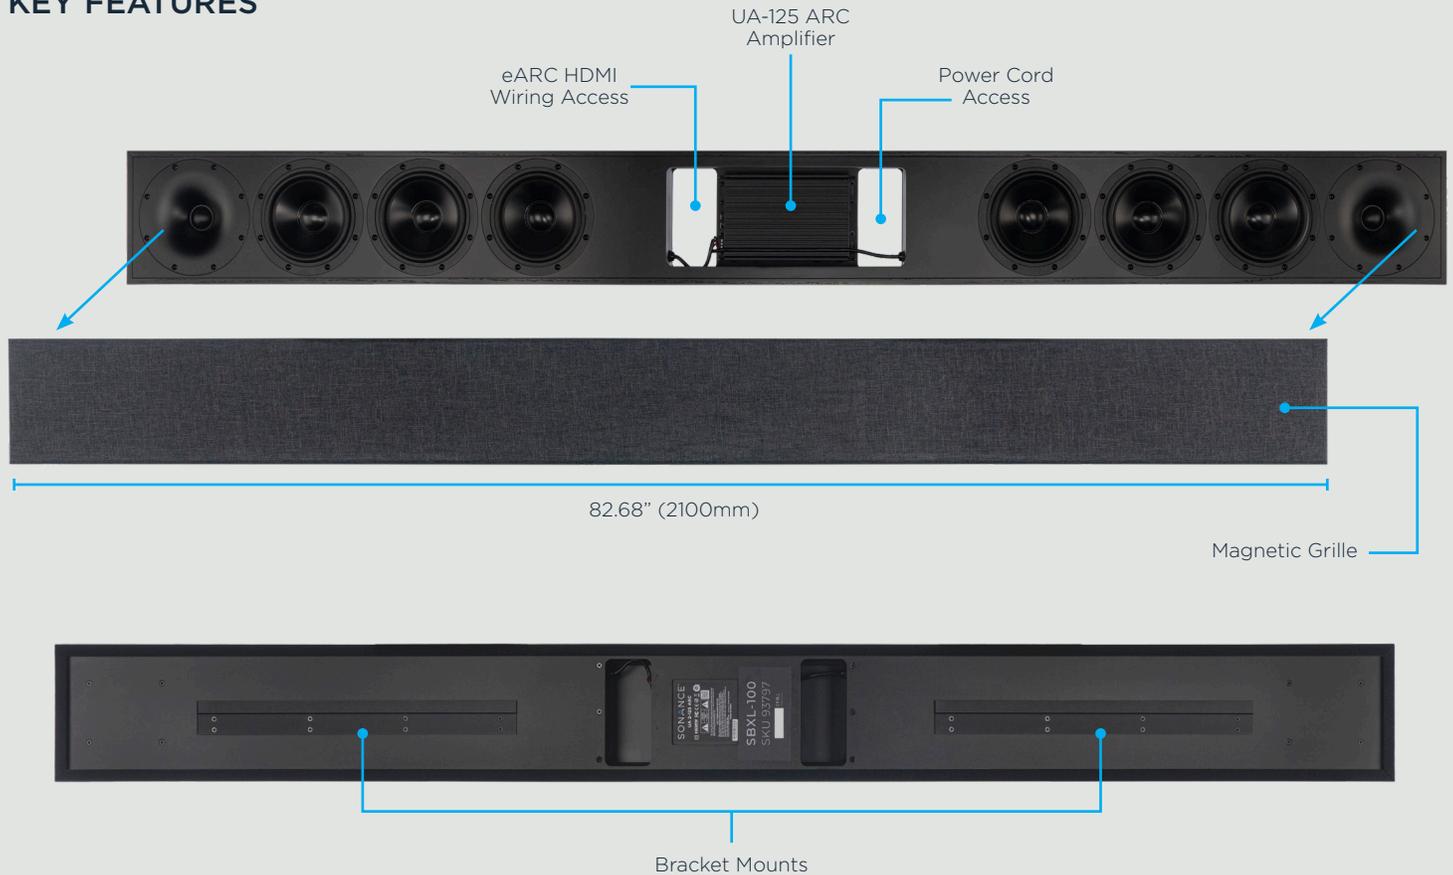

SOUNDBAR

SBXL-100

SOLD AS EACH

The Sonance SBXL-100 large format soundbar delivers commanding sound to match the scale and impact of today's extra-large TV displays. At 82.68" wide, it's expertly proportioned for most large format televisions to deliver visual balance that suits the application. Featuring a built-in DSP ARC amplifier, the SBXL-100 offers simplified setup without compromising performance. Full-range frequency response delivers crisp detail and impactful bass, creating an immersive audio experience worthy of premium home audio entertainment installations.
