

Rinnai®

Rinnai RWM200 Wireless Module

Rinnai's **RWM200 Wireless Module** connects you to your Rinnai tankless water heater from virtually anywhere using your local WiFi network and the free Rinnai Central™ mobile app. The device is easily installed by your PRO.

Hot Water Recirculation Scheduling at Your Fingertips

After downloading the **Rinnai Central™** app and connecting to the **RWM200 Wireless Module** (sold separately), Homeowners can experience the ultimate in accessibility, convenience, and control:

- Activate recirculation schedule (pump-enabled models only)
- Adjust Water temperature
- Check real-time water heater status
- Receive maintenance alerts
- Activate vacation mode to save energy when away for extended periods

RINNAI CENTRAL™

RWM200 Wireless Module

SENSEI[®] RX SERIES

Built for the PRO, by the PRO™

"Anything that makes it easier to do my job on the track, gives me an advantage. The Rinnai Central™ app gives you that advantage when it comes to setting your recirculation schedule."

Smart Home Automation

Smart Home Routines for Convenient Control

- Voice Activation with **amazon alexa**
- Adjust Water Temperature
- Turn on/off Recirculation
- Schedule Recirculation
- Push Button available for On-Demand Recirculation*

* Required by Title 24, California Energy Commission. Push Button can connect to the RXP tankless water heater directly or via the RWM200 module.

On-Demand Recirculation via RPB200 Push Button

Mounted in a convenient location, near a kitchen faucet or bathroom sink, Rinnai's Recirculation Push Button activates the tankless water heater recirculation pump by simply pressing the button. Use up to 5 buttons at multiple locations.

Rinnai®

Over 100 Years of Smart Comfort

With headquarters in Japan and a global network of subsidiaries and sales offices, Rinnai has enhanced the way businesses and residences heat their water.

Dedicated to a smarter kind of comfort, our value-added products continue to stay in step with demands of a changing world.

Proudly assembling Tankless Water Heaters at our state-of-the-art factory located in Griffin, Georgia, USA

Rinnai established its US operations in 1974 and introduced Tankless Water Heating to the North American Market in 1999.

In 2018 Rinnai assembled its first tankless water heater in the United States in Griffin, Georgia. Our state-of-the-art facility was completed in 2021 with assembly of the new **RE•SERIES™ Non-Condensing Tankless Water Heaters** beginning in 2022.

Rinnai continues to make significant investments in expanding its operations and product portfolio.

Creating a healthier way of living.®
