(1) SPK-SUR3STAND Installation Guide (This document, 009-1906-xx)

Speaker Stand Assembly

1. Insert the stand pillar into the top of the speaker stand base.

2. Install the three base screws into the bottom of the stand using the hex tool provided.

3. Install mounting feet or carpet spikes as the deployment requires.

   Note: Adjust position of nuts on mounting feet or carpet spikes as needed to keep stand level.

Smart Audio Surround Speakers Installation

4. Adjust position of nuts on mounting feet or carpet spikes as needed to keep stand level.

5. Thread the power cord through the bottom of the stand, pull it through the lower cable port, and attach to the speaker.

   Note: If cord is not long enough, attach the included extender before threading.

6. Plug the power cord into the 120/240V power input.

7. Adjust position of nuts on mounting feet or carpet spikes as needed to keep stand level.
