Built ready for everyone from youth to all archers, the Bullseye X is a lead-in traditional-style recurve bow available in three sizes - 48" and 62". The riser features a sight, arrow rest, and stabilizer mounting holes, and has multi-laminate limbs. The bow set includes a flipper style arrow rest, brassnock point and a recurve stringer. The Bullseye 48" bow has a 15 to 20 lb. draw weight and the 62" has a 26 to 29 lb. draw weight.

MARKSMAN MSRP \$59.99

The Marksman Youth Bow is ideal for developing archers, offering an ambidextrous design that works for both right- and left-handers. With a 23 lb draw weight, 60" overall length, and a consistent 7-7/8" brace height, this bow delivers accuracy, making it a great choice for new archers looking to improve their skills.
