

WALKER EDISON
TM

Paisley 60" Sideboard

SKU# WEPAI11604

For Residential Use Only

Please visit our website for the most current instructions, assembly tips, report damage, or request parts. www.walkeredison.com

Time to get started

Set up a clean and soft workplace to get started and avoid damage during the assembly. It also helps to double-check that you've got all the pieces and parts before diving in to assembly.

Estimated time for assembly

People recommended for assembly

Make it a team effort! Grab a friend for quicker, easier assembly.

2 People Build

Tools Needed

Grab a Phillips head screwdriver to conquer this assembly

Use power tools with caution

You can cause cracking or damage to the material and easily strip the hardware. If you choose to use a power tool, your product will no longer be covered under Walker Edison's warranty.

Glue is provided to secure wood dowels in place

When inserting dowels, locate the appropriate hole, place a small amount of glue in the hole, and then insert the dowel. Wipe away excess glue immediately.

WE Parts List

Part Number	Description	Quantity
1	Top Panel	1
2	Bottom Panel	1
3	Left Panel	1
4	Right Panel	1
5	Divider Panel	1
6	Back Panel	2
7	Adjustable Shelf	2
8	Middle Foot	1
9	Left Door	1
10	Left Center Door	1
11	Right Center Door	1
12	Right Door	1

WE Hardware List

	Part	Size	Name	Quantity
A		8x30mm	Wooden dowel	16
B		6x35mm	Cam Bolt	10
C		15x11mm	Cam Lock	10
D		30mm	Sticker	22
E		6x50mm	Bolt	3
F		M4	Hex key	1
G		16*16.5*10.5mm	Plastic Wedge	20
H		3x17mm	Screw	20
J		5x16mm	Shelf Support Pin	8
K		35mm	Hinge	4
L		35mm	Hinge	4
M		3.5x14mm	Screw	48
N		5/32"x29x24mm	Handle	4

WE Hardware List

Part	Size	Name	Quantity
P 	5/32"x22mm	Bolt	4
Q 	4x25mm	Screw	2
R 	4x12mm	Screw	2
S 	25x150mm	Plastic strap	2
T 	8x30mm	Wall Anchor	2
U 	8x2mm	Rubber pad	4
V 	10g	Glue Tube	1

The hardware quantities listed above are required for proper assembly.
Extra hardware pieces may be included.

Step 1

Take the Wooden Dowels (A) and add a small amount of glue to the holes in the Bottom Panel (2) and Divider Panel (5). Insert the dowels and wipe away any excess glue right away. Repeat this for future steps as needed.

- 1: The provided glue is to secure wood dowels in place. When first inserting dowels, locate the appropriate hole for the dowel, place a small amount of glue in the hole and insert the dowel. Wipe away excess glue immediately.
- 2: In future assembly steps when dowels are necessary to attach assembly parts together, place a small amount of glue on the end of the dowel before attaching parts together. Wipe away excess glue immediately.

Step 2

Secure Cam Bolt (B) as indicated below to Top Panel (1), Left Panel (3), and Right Panel (4). Insert Wooden Dowels (A) to ends of Left Panel (3) and Right Panel (4).

To keep your product looking its best and scratch-free, try assembling it on a soft surface like carpet or a blanket. This helps prevent any accidental scratches and keeps your furniture in top shape!

Step 3

Place Middle Foot (8) on Bottom Panel (2) by securing Bolt (E) with Hex Key (F).

Step 4

Align dowels on Divider Panel (5) to Bottom Panel (2). Secure Divider Panel (5) with Bolt (E) using Hex Key (F).

Step 5

Align the Cam Bolts (B) attached to Left Panel (3) to holes of Bottom Panel (2). Then, slide the Left Panel (3) over the cam bolts and attach the Cam Locks (C). Tighten Cam Locks (C) with a screwdriver.

Tip

Cam Locks

Cam Locks help securely join two pieces together.
Follow these easy steps.

1: Insert Cam Bolt into bolt holes on the flat side. Don't over tighten!

2: Fit the proper holes on the edge of the other part over the Cam Bolts. You should be able to see the cam bolts through the larger hole on the side.

3: On the back of the Cam Lock will be a "C" shape. Insert the Cam Lock so the opening of the "C" fits over the Cam Bolt. Tighten with the screwdriver.

Step 6

Align the Cam Bolts (B) attached to Right Panel (4) to holes of Bottom Panel (2). Then, slide the Right Panel (4) over the cam bolts and attach the Cam Locks (C). Tighten Cam Locks (C) with a screwdriver.

Step 7

Unfold Back Panels (6). Then align panels with grooves between side panels (3 & 4) and middle Divider Panel (5) and slide down to Bottom Panel (2), aligned with grooves.

Step 8

Align Cam Bolts (B) on Top Panel (1) with both side panels (3, 4) and middle Divider Panel (5) and secure with Cam Locks (C) using a screwdriver.

Step 9

Set Back Panels (6) by evenly distributing Plastic Wedges (G) around perimeter. Secure Plastic Wedges with Screw (H).

Step 10

Hide camlocks and holes by placing Stickers (D) over exposed hardware.

Step 11

Place the Shelf Support Pins (J) into the desired positions and then add the Adjustable Shelves (7). You can adjust them later if needed.

Step 12

Place Rubber Pads (U) on Adjustable Shelves (7).

Step 13

Place Hinges (K) in rounded grooves on Left Door (9) and Right Door (12). Secure Hinges (K) with Screw (M) with screwdriver. Then secure Handles (N) with Bolt (P).

Step 14

Place Hinges (L) in rounded grooves on Left Center Door (10) and Right Center Door (11). Secure Hinges (L) with Screw (M) with screwdriver. Then secure Handles (N) with Bolt (P).

Step 15

Align attached Hinges (K and L) on Doors (9 and 11) to interior grooves of panels (3 and 5). Secure with Screws (M) with screwdriver.

Tip

Adjusting The Cabinet Doors

Adjust horizontal width
with this screw.

Adjust depth position
by loosening the hinge arm
mounting screw.

Adjust vertical height
via the screws in the
mounting plate.

Step 16

Align attached Hinges (K and L) on Doors (10 and 12) to interior grooves of panels (4 and 5). Secure with Screws (M) with screwdriver.

Step 17

Adjust Middle Foot leveler by rotating right or left in order to ensure cabinet is even with your surface.

Step 18

To prevent tipping, attach Plastic Strap (S) and securing to furniture with Screw (R).

Step 19

Secure Plastic Strap (S) to wall with Screw (Q) and Wall Anchor (T) as needed depending on your wall type.

Warning

Serious or fatal injuries can occur from furniture tipping over. To prevent the furniture from tipping over we recommend that it is permanently fixed to the wall. Wall anchor and hardware are included with this product. Please make sure hardware is suitable for your walls before installing, as different wall materials may require different types of anchors.

Final Assembly

Congratulations on your new piece of furniture!

We would love to hear about it and see it.
