## Porcelain Stone<sup>®</sup>

### The allure of travertine from the indoors to outdoors

It's no lie that crosscut travertine is a timeless, earthly manifestation of style. Maintenance requirements and irregularities in the surface make commitment to travertine—shall we say—hard. Stone Fiction porcelain tile collection is the elegantly effortless alternative. This inspired line grounds down in the look of perpetually appealing travertine while providing confidence in the performance of porcelain for a lifetime of grace, ease, and style.

Stone Fiction's soft, swirling surface graphics and mild, infinitely matchable neutral color palette emulate what Mother Nature created in travertine's distinct mineral deposits. Each tile convincingly reinterprets stone's naturally dramatic pits in subtle, easy-to-clean depth. The resulting coziness centers your spaces in the illusion of a time-honored material.

Stone Fiction takes its allure from indoors to outside with both an unpolished finish and an exterior option suitable for walkways and pool surrounds. 12x24, 24x24, and a 2x2 mosaic, all made in the USA, offer a simple yet impactful collection designed to honor your creative vision.

## Shade & Texture Index

Stone Fiction has a shade variation of V3.

V1	V2	V3	V4	V1 Uniform appearance
				V2 Slight Variation
				<b>V3 Moderate Variation</b>
				V4 Substantial Variation

This porcelain tile product is produced with a V3 variation. While the colors and/or textures present on a single piece of tile will be indicative of the colors and/or textures to be expected on the other tiles, the amount of colors and/or texture on each piece may vary significantly. It is recommended that the range be viewed before selection.

### Recommended Use

Stone Fiction UPS is recommended for interior floors, walls, counter tops and exterior walls in both residential and commercial applications. Stone Fiction EXT is recommended for exterior floors and walls in both residential and commercial applications. **If offset pattern is required for tiles 15 inches or longer, Crossville® recommends an offset of not greater than 33%.** See CrossvilleInc.com for detailed installation instructions.

### Wet area use for Stone Fiction Mosaics

Crossville® produces the Stone Fiction 2 x 2 mosaics with the Cross-Sheen® (UPS) finish. The ANSI A326.3 wet Dynamic COF of Stone Fiction is  $\geq 0.42$ . Their small sizes ensure frequent grout joints which provides traction and drainage. Crossville cannot control situations involving incorrect installation, improper slope to the drain for elimination of standing water and poor surface cleaning.

This information is provided so that customers may make a realistic and informed decision when comparing Stone Fiction to other tile products in wet area environments, such as residential/commercial bathrooms, showers, and interior pool decks.

### Care and Maintenance

Regular cleaning is the best way to keep Stone Fiction tile looking good for years to come. Use clean, hot water (combined with a household cleaner for more aggressive cleaning). Rinse thoroughly and dry with a soft cloth. No waxes are needed. More information regarding the care and maintenance of Crossville® products is available at CrossvilleInc.com.
