## CANE BACK DINING CHAIR

**A** Chair Back

1pc

**B** Seat

1pc

**C** Front Leg

2pcs

**D** Lock Washer  
Ø5/16"x13mm

9pcs

**E** Flat Washer  
Ø5/16"x19mm

9pcs

**F** Bolt  
Ø5/16"x1-3/4"

1pc

**G** Bolt  
Ø5/16"x2-1/2"

4pcs

**H** Bolt  
Ø5/16"x3-1/2"

4pcs

**I** Allen Key  
M5

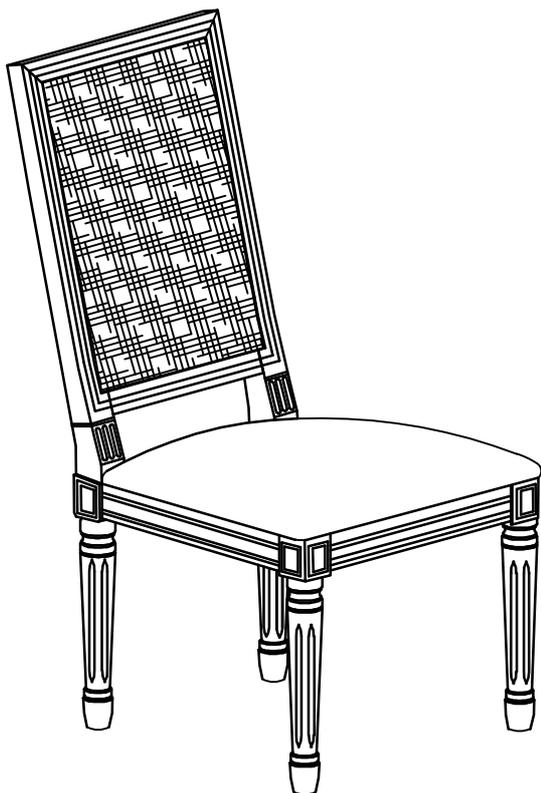

1pc

**J** Wood Dowel  
Ø10x30mm

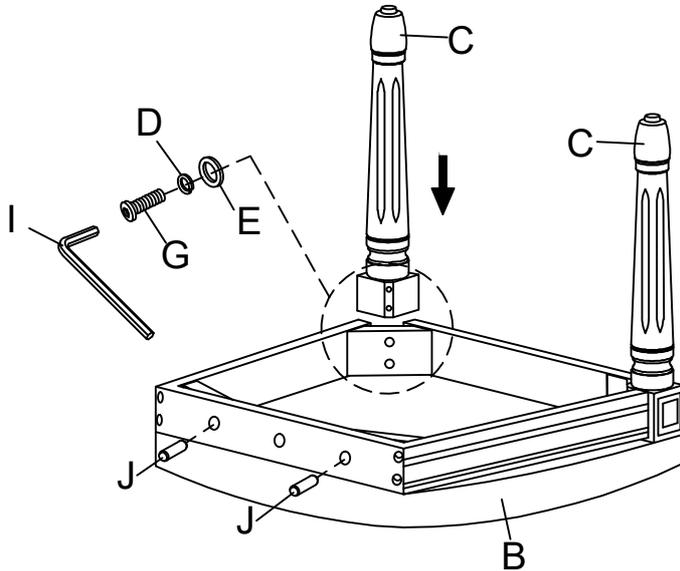

2pcs

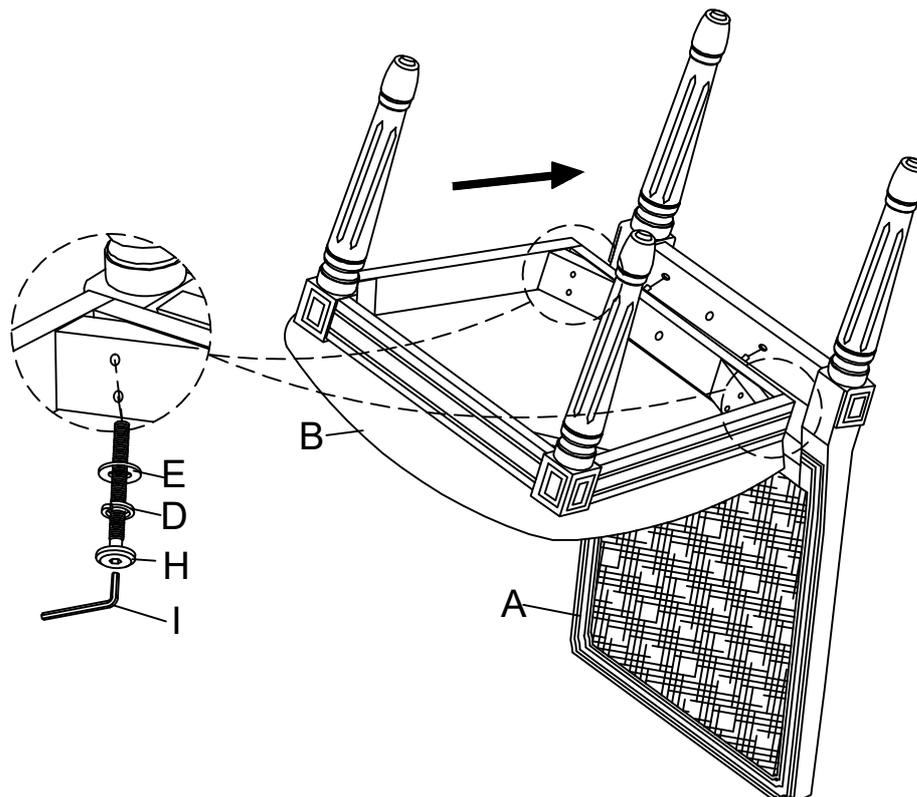

This page lists all the contents included in the box. Please take the time to identify the hardware as well as the individual components to this product. As you unpack and prepare for assembly, place the contents on a carpeted or padded area to protect them from damage.

- 1 Put the Seat (B) on a smooth flat surface, attach Front Leg (C) to the Seat (B), using Bolt (G), Lock Washer (D) and Flat Washer (E) on both holes of Seat (B) by Allen Key (I). Turn the Allen Key (I) in Bolt (G). But not too tight. Attach Wood Dowel (J) to Seat (B) back.

Take the Allen Key, and turn the bolts until the legs are secure. **DO NOT TIGHTEN COMPLETELY.** Stop when you feel you are adding force to tighten the bolt.

- 2 Put Chair Back (A) on a smooth flat surface, attach the Seat (B) to the Chair Back (A), using Bolt (H), Lock Washer (D), Flat Washer (E) in both holes of Seat (B) and Chair Back (A). Turn the Allen Key (I) in Bolt (H).

**3** Finally, assemble the last Bolt (F) to Seat (B) and Chair Back (A) with Lock Washer (D) & Flat Washer (E) by Allen Key (I).

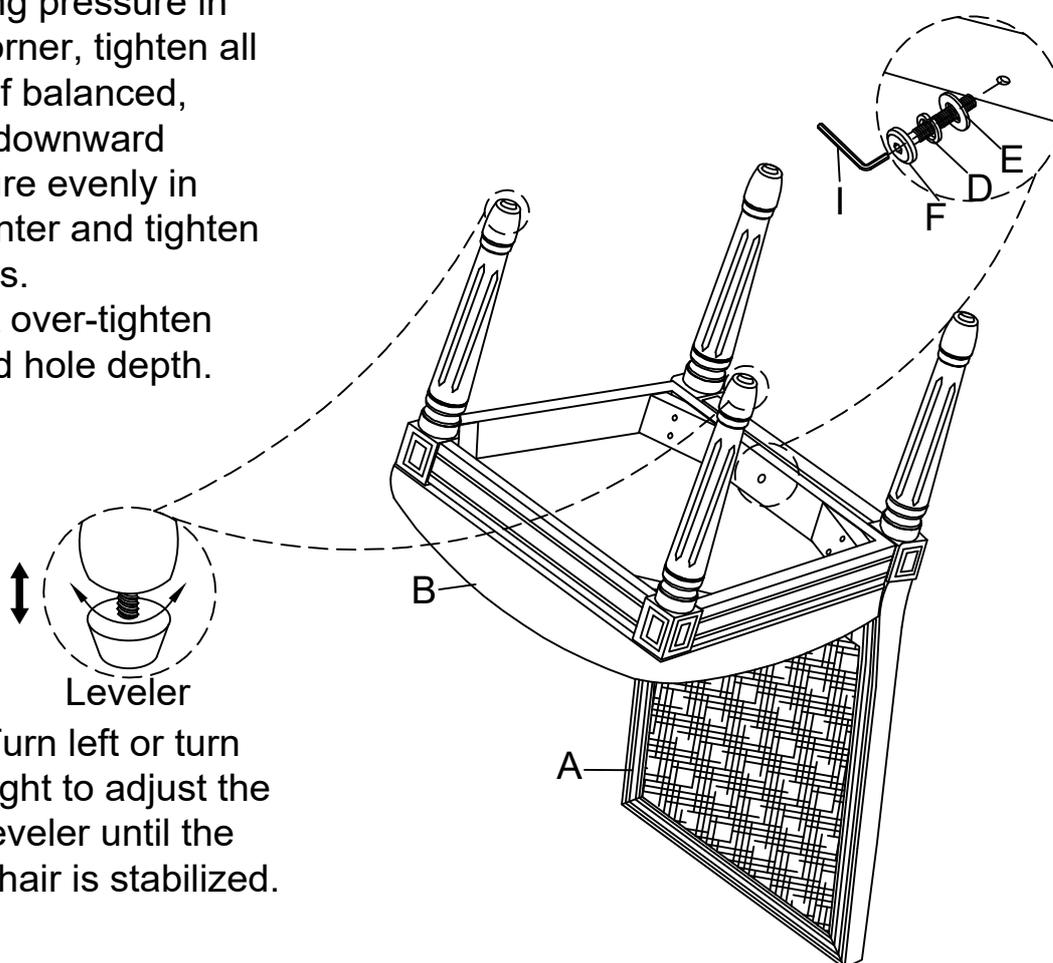

Stand chair up on an even surface and check that it is balanced. If there is a slight wobble, apply downward pressure in the corner where a leg is uneven.

Keeping pressure in that corner, tighten all bolts. If balanced, apply downward pressure evenly in the center and tighten all bolts.

Do not over-tighten beyond hole depth.

Helpful Tip:

-Instead of applying downward pressure while reaching under to tighten bolts, have someone sit in the chair while you tighten the bolts.

### Cleaning & Care

Treat surface with care. Surface is resistant to scratches but is not scratch resistant. Clean surfaces with a dry or damp soft cloth. Do not use abrasive cleaners. Hardware may loosen over time. Periodically check that all connections are tight.
