

Two Button Folding Walker

The DME Care Solutions Two Button Walker offers dependable support for individuals needing a lightweight, adjustable mobility aid. Each side operates independently for greater stability and easier navigation through narrow spaces, while the push-button folding mechanism and contoured handgrips add comfort and convenience.

- Lightweight, sturdy 1-inch diameter aluminum frame
- Each side operates independently for narrow space navigation
- Open and closes easily with push-button mechanism
- Tool-free height adjustment offers a personalized fit
- Contoured handgrips provide added comfort
- Limited Lifetime Warranty
