COLD WEATHER HAND PROTECTION

When ultimate warmth is the priority, look no further than the ColdWork™ Arctic Mitt. The mitt style shell creates a barrier of warmth by trapping heat in and around your entire hand with plush Sherpa lining and 100g 3M™ Thinsulate™ insulation. Water resistant canvas back of hand combined with water and abrasion resistant DuraHide™ Leather Technology on creates a rugged outer that endures the elements as well as the work.

FEATURES

- 1 Water resistant DuraHide™ Leather Technology wraps the palm and tip of fingers providing rugged and durable protection.
- 2 Water resistant canvas covers the back of the hand keeping the hand dry and preventing snagging.
- 3 100g 3M™ Thinsulate™ combined with plush Sherpa lining wraps the hand, trapping heat, and keeping hands warm and comfortable.
- 4 Heavy weight ribbed cuff combined with a canvas gauntlet helps create a seamless extension from a jacket and prevents the elements from leaking in.
- 5 Strong plastic binder clips keep gloves together for storage.
