Adcraft High Density 12" x 18" Cutting Board, Thermoplastic, BPA Free, in White

HDCB-1218/WH

Experience exceptional durability and food safety with the Adcraft High Density Cutting Board, crafted from non-absorbent PE thermoplastic in a versatile 12" x 18" size. This BPA free, reversible board resists stains, odors, and cracks, making it ideal for high-volume kitchens, commercial prep stations, or professional catering operations. Designed to prevent cross-contamination and provide lightweight, easy-to-clean performance, this board is Prop 65 compliant and suitable for both indoor and outdoor use.

Features and Construction

- Constructed from high density, non-toxic PE thermoplastic for reliable strength and food safety
- Non-porous and BPA free surface resists stains, odors, and chemical absorption for hygienic preparation
- Withstands rigorous chopping and slicing without cracking, warping, or dulling knives
- Measures 12" x 18" with a 1/2" thickness for a stable, ample cutting surface
- Effortless to clean thanks to its non-absorbent and stain-resistant surface
- Lightweight design and reversible format support versatile, efficient operation
- BPA free, Prop 65 compliant, and manufactured to meet rigorous safety standards
- Ideal for high-volume commercial, institutional, or outdoor kitchen applications
